L. Rutsky, 1999 On art and high tech *Demythologizing Jesus of Nazareth: Was Jesus a Historical Or Mythical Person?* , Horror Noir Paul Meehan, 2014-01-10 This critical survey examines the historical and thematic relationships between two of the cinema's most popular genres horror and film noir The influence of 1930s and 1940s era horror films on the development of noir is detailed with analyses of more than 100 motion pictures in which noir criminality and mystery meld with supernatural and psychological horror Included are the films based on popular horror mystery radio shows *The Whistler* *Inner Sanctum* the works of RKO producer Val Lewton *Cat People* *The Seventh Victim* and Alfred Hitchcock's psychological ghost stories Also discussed are gothic and costume horror noirs set in the 19th century *The Picture of Dorian Gray* *Hangover Square* the noir elements of more recent films and the film noir aspects of the *Hannibal* *Lecter* movies and other serial killer thrillers *Mass Media and Communications* Dibyanshu Kumar, 2021-09-11 The mass media are diversified media technologies that are intended to reach a large audience by mass communication The technologies through which this communication takes place vary In the late 20th Century mass media could be classified into eight mass media industries books newspapers magazines recordings radio movies television and the internet With the explosion of digital communication technology in the late 20th and early 21st centuries the question of what forms of media should be classified as mass media has become more prominent Each mass media has its own content types its own creative artists and technicians and its own business models For example the Internet includes websites blogs podcasts and various other technologies built on top of the general distribution network The sixth and seventh media internet and mobile are often called collectively as digital media and the fourth and fifth radio and TV as broadcast media Some argue that video games have developed into a distinct mass form of media Mass communication was seen by those who owned newspapers radio and T V stations and by cinema producers mostly as an efficient device to reach messages to a very large number of people in a linear fashion The media users were seen primarily as targets passive targets for message intake and appropriate action either in voting as desired or buying products advertised or imbibing ideas intended by producers Magic bullet theory suggests that messages were shot directly into the receiver It assumes that receivers are passive and defenseless and take whatever is shot at them The magic bullet theory also portrays that the media have a direct immediate and powerful effect on those who pay attention to their contents This book has been intended as a manual for students of this subject Contents Television The People Crew Television Past Present and Future News Paper Organization and Management Printed Media Industry Theory and Practice Media Organizations Film in India Participatory Journalism and Weblogs Weblogs and Journalism *The MX Book of New Sherlock Holmes Stories - Part XVI* David Marcum, 2019-11-25 In 2015 The MX Book of

New Sherlock Holmes Stories burst upon the scene featuring adventures set within the correct time period and written by many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received and there were soon calls for additional collections. Since then their popularity has only continued to grow. And now we present a new three volume set. Like 2017's two volumes set *Eliminate the Impossible*, this new collection *Whatever Remains Must Be the Truth* features tales of Holmes's encounters with seemingly impossible events, ghosts and hauntings, cults and curses, mythical beasts and mediums, angels and demons, and more. In *The Sussex Vampire*, Holmes tells Watson, "This agency stands flat footed upon the ground and there it must remain. The world is big enough for us. No ghosts need apply." In each of the stories presented in this huge three volume collection, Holmes approaches the varied problems with one of his favorite maxims firmly in place: "When you have eliminated the impossible, whatever remains, however improbable, must be the truth." But what exactly is the truth? A Study in Scarlet, the first recorded adventure of Sherlock Holmes and Dr. John H. Watson, was first published in 1887. What an amazing journey the years since then have been. In addition to the pitifully few sixty tales originally presented in *The Canon*, published between 1887 and 1927, there have been literally thousands of additional Holmes adventures in the form of books, short stories, radio and television episodes, movies, manuscripts, comics, and fan fiction. And yet for those who are true friends and admirers of the Master Detective of Baker Street, where it is always 1895 or a few decades on either side of that, these stories are not enough. Give us more. The forty-nine stories in these three companion volumes represent some of the finest new Holmesian storytelling to be found and honor the man described by Watson as the best and wisest whom I have ever known. All royalties from this collection are being donated by the writers for the benefit of the preservation of Undershaw, one of the former homes of Sir Arthur Conan Doyle. Part XVI: *Whatever Remains Must Be the Truth*, 1881-1890, features contributions by Derrick Belanger, Mark Sohn, Tracy J. Revels, Brenda Seabrooke, Kevin Thornton, Andrew Bryant, Josh Anderson, David Friend, David Marcum, I. A. Watson, Arthur Hall, Tim Gambrell, Shane Simmons, Bob Bishop, Mark Mower, Kelvin Jones, and Jayantika Ganguly, and with a poem by Josh Pachter and forewords by David Marcum, Kareem Abdul Jabbar, Roger Johnson, and Steve Emecz. **Folk Religion of the Pennsylvania Dutch**, Richard L.T. Orth, 2018-02-05.

For almost three centuries the Pennsylvania Dutch descended from German immigrants have practiced white magic, known in their dialect as *Braucherei*, from the German *brauchen* to use or *Powwowing*. The tradition was brought by immigrants from the Rhineland and Switzerland in the 17th and 18th centuries when they settled in Pennsylvania and in other areas of what is now the eastern United States and Canada. Practitioners draw on folklore and tradition dating to the turn of the 19th century when healers like Mountain Mary, canonized as a saint for her powers, arrived in the New World. The author, a member of the Pennsylvania Dutch community, describes in detail the practices, culture, and history of faith healers and witches. *Rules, Exceptions, and Social Order*, Robert B. Creepshow Simon Brown,2019-07-09 Released in cinemas in 1982 Creepshow is typically regarded as a minor entry in both the film output of George A Romero and the history of adaptations of the works of Stephen King Yet this lack of critical attention hides the fact that Creepshow is the only full collaboration between America s bestselling author of horror tales and one of the masters of modern American horror cinema Long considered too mainstream for the director of Dawn of the Dead 1978 too comic for the author that gave audiences the film versions of Carrie 1976 and The Shining 1980 and too violent for a cinemagoing public turning away from gore cinema in the autumn of 1982 Creepshow is here reassessed by Simon Brown who examines the making and release of the film and its legacy through a comic book adaptation and two sequels His analysis focuses on the key influences on the film not just Romero and King but also the anthology horrors of Amicus Productions body horror cinema and the special make up effects of Tom Savini the relationship between horror and humor and most notably the tradition of EC horror comics of the 1950s from which the film draws both its thematic preoccupations and its visual style Ultimately the book argues that not only is Creepshow a major work in the canons of Romero and King but also that it represents a significant example of the portmanteau horror film of the blending of horror and comedy and finally decades before the career of Zack Snyder Watchmen Man of Steel of attempting to recreate a comic book aesthetic on the big screen

On Kubrick James Naremore,2023-05-18 In a comprehensively revised and updated

new edition James Naremore provides an illuminating critical account of the films of Stanley Kubrick from his earliest feature *Fear and Desire* 1953 to the posthumously produced *A.I. Artificial Intelligence* Steven Spielberg 2001 Naremore offers provocative analyses of each of Kubrick's films considering his emphasis on the absurdity of combat as in *Paths of Glory* 1957 and *Full Metal Jacket* 1987 the failure of scientific reasoning as in *2001: A Space Odyssey* 1968 and the fascistic impulses in masculine sexuality as in *Dr. Strangelove* 1964 and *Eyes Wide Shut* 1999 He argues that while Kubrick was a voracious intellectual and a life long autodidact the fascination of his work has less to do with the ideas it espouses than with the emotions it evokes Combining close readings with new insights into the production histories and cultural contexts of key films Naremore provides a concise yet thorough discussion that will be useful to students of Kubrick's filmmaking and cinephiles who seek a deeper insight into the work of this perfectionist genius Revised throughout this new edition also includes a fully updated bibliography of critical writings on Kubrick's cinema
