Female Celebrity and Ageing Deborah Jermyn, 2016-04-29 *Female Celebrity and Ageing* Back in the Spotlight interrogates the myriad ways in which celebrity culture constructs highly visible ideologies of femininity and ageing and how ageing female celebrities have negotiated the media in a variety of industrial historical and national contexts In the era when the baby boomers have started drawing their pensions the boundaries of what constitutes old age have never seemed more fluid and ageing has never been presented by advertisers and marketers in a more dynamic fashion However the fact remains that ageing is still widely feared and growing old is an inherently gendered process in which ageing women are paradoxically both rendered invisible and subjected to damning scrutiny Nowhere is this conflicting state of affairs more evident than in celebrity culture where ageing female stars are praised for growing old gracefully one moment and condemned for letting themselves go the next when they fail to age appropriately Examining a variety of themes and ageing

women in the spotlight from Barbara Stanwyck to Madonna to Charlotte Rampling the essays collected here forge new critical and conceptual insights into how women grow older in the media and the implications of this for what Susan Sontag memorably called the double standard of ageing This book is based on a special issue of *Celebrity Studies* **Effective**

Talent Management Mark Wilcox,2016-06-10 Effective talent management is about aligning the business s approach to talent with the strategic aims and purpose of the organisation The core rationale of any talent strategy should be to have a direct positive impact on the organisation s goals but in many cases this is not so The ideas principles and approaches outlined here will enable the reader to understand the strategic nature of talent and design a response that meets the needs of their own organisation Case studies are used to illustrate the concepts and proven methodologies guide the day to day practice of the reader The content will link the strategic intent of HR with the practical actions it takes to make a positive impact on the business s results The author begins by examining the disconnected nature of talent management in many organisations how at times it has been a response to trends and seen by many as a bolt on to HR and he proposes a different model one that links clearly the development of a talent strategy with the achievement of a business strategy Mark Wilcox summarises succinctly the case for a more strategic approach to talent management one directly linked to business performance He concludes that the time is now right for talent management and therefore many HR managers to move from a functional support role to one with a direct strategic impact on the business How to Use Storytelling in Your Academic Writing
