**The Supreme Court on Racial Discrimination** United States. Supreme Court, 1963 **The Supreme Court on racial discrimination, ed** United States. Supreme Court, Joseph Tussman, The Supreme Court, Race, and Civil Rights Abraham L. Davis, Barbara Luck Graham, 1995-07-25 Providing a well rounded presentation of the constitution and evolution of civil rights in the United States this book will be useful for students and academics with an interest in civil rights race and the law Abraham L Davis and Barbara Luck Graham s purpose is to give an overview of the Supreme Court and its rulings with regard to issues of equality and civil rights to bring law political science and history into the discussion of civil rights and the Supreme Court to incorporate the politically disadvantaged and the human component into the discussion to stimulate discussion among students and to provide a text that cultivates competence in reading actual Supreme Court cases

The Supreme Court on Racial Discrimination Joseph Tussman, 1967 *Race Against the Court* Girardeau A. Spann, 1994-02-01 Must reading for anyone who seeks a better understanding of the U S Supreme Court s role in race relations policy Choice Beware Those committed to the Supreme Court as the ultimate defender of minority rights should not read *Race Against the Court* Through a systematic peeling away of antimajoritarian myth Spann reveals why the measure of relief the Court grants victims of racial injustice is determined less by the character of harm suffered by blacks than the degree of disadvantage the relief sought will impose on whites A truly pathbreaking work Derrick Bell As persuasive as it is bold *Race Against The Court* stands as a necessary warning to a generation of progressives who have come to depend on the Supreme Court of the perils of such dependency It joins with Bruce Ackerman s *We the People* and John Brigham s *Cult of the Court* as the best in contemporary work on the Supreme Court Austin Sarat William Nelson Cromwell Professor of Jurisprudence and Political Science Amherst College The controversies surrounding the nominations confirmations and rejections of recent Supreme Court justices and the increasingly conservative nature of the Court have focused attention on the Supreme Court as never before Although the Supreme Court is commonly understood to be the guardian of minority rights against the tyranny of the majority *Race Against The Court* argues that the Court has never successfully performed this function Rather the actual function of the Court has been to perpetuate the subordination of racial minorities by operating as an undetected agent of majoritarian preferences in the political preferences In this provocative controversial and timely work Girardeau Spann illustrates how the selection process for Supreme Court justices ensures that they will share the political preferences of the elite majority that runs the nation Customary safeguards that are designed to protect the judicial process from majoritarian predispositions Spann contends cannot successfully insulate judicial decisionmaking from the pervasive societal pressures that exist to discount racial minority interests The case most often cited as the icon of Court sensitivity to minority rights *Brown v Board of Education* has more recently served to lull minorities into believing that efforts at political self determination are futile fostering a seductive dependence and overreliance on the Court as the

caretaker of minority rights *Race Against The Court* demonstrates how the Court has centralized the law of affirmative action in a way that stymies minority efforts for meaningful political and economic gain and how it has legitimated the legal status quo in a way that causes minorities never even to question the inevitability of their subordinate social status Spann contends that racial minorities would be better off seeking to advance their interests in the pluralist political process and proposes a novel strategy for minorities to pursue in order to extricate themselves from the seemingly inescapable grasp of Supreme Court protection Certain to generate lively heated debate *Race Against The Court* exposes the veiled majoritarianism of the Supreme Court and the dangers of allowing the Court to formulate our national racial policy *Path Towards Equality:*
