to become embroiled in another sustained conflict forcing Ambassador Spock Admiral Uhura Admiral Chekov Captain Saavik and some unexpected allies to defy their governments in order to meet the new threat head on But the first blood drawn may prove to be among the dearest of all Unknown to the defenders the secret behind the Watraii s attack is buried in Vulcan s violent ancient past during the time of Surak himself Now Spock must begin the first leg of a long and dangerous road to learn the truth before his hopes for the future become ashes **Empire from the Ashes** David Weber,2003 An ancient alien menace threatens in this hardcover volume which collects for the first time Weber s epic space adventure trilogy Mutineer s Moon The Armageddon Inheritance and Heirs of Empire **Star Trek and Philosophy** Kevin Decker,Jason Eberl,2008-09-01 Philosophy and space travel are characterized by the same fundamental purpose exploration An essential guide for both philosophers and Trekkers Star Trek and Philosophy combines a philosophical spirit of inquiry with the beloved television and film series to consider questions not only about the scientific prospects of interstellar travel but also the inward journey to examine the human condition The expansive topics range from the possibilities for communication among different cultural backgrounds to questions about the stoic temperament exhibited by Vulcans to Ferengi business practices Specifically chosen to break new ground in exploring the philosophical dimensions of Star Trek these articles boldly go where no philosopher has gone before **Star Trek in Deutschland** Mike Hillenbrand,Thomas Höhl,2008

many so called third world people resent being asked this question because it implies that having a different skin colour which is what usually prompts the question makes a person an outsider and not really Canadian This realization inspired her to look more closely at the question and the answer The result is this book Where I Come From is a reflective memoir of an immigrant professor s life in a Canadian university It covers the period from 1967 when Canada was opened up to third world immigrants to the present The book illustrates the ways in which identity is socially constructed by tracing some of the labels that were applied to the author at various stages during her thirty years in Canada foreign student Indian woman immigrant Indian feminist and third world woman She shows how each of these names has affected her relationships with other people and contributed to making her the woman she is now perceived to be a feminist anti racist activist professor This multilayered story reveals the complex ways in which race class and gender intersect in an immigrant woman s life and engages readers in a conversation that narrows the distance between them showing not only what is different but what is shared

Alien Contact Bonnie Meyer,2006-02 This is the true story of over thirty years of UFO and alien contact I became involved because I was going to prove that UFOs did not exist This started me on my long journey of finding out what the truth is But then I had contact with the aliens and once it began I balked and questioned everything that they were trying to tell me It did not take me long to realize I had to live a dual existence as I struggled to keep from looking like a nut case For me this is a frustrating journey and yet rewarding I knew the road would be difficult and that there would be ridicule but I keep steadily moving forward Included in the book are discussions with the aliens Some of the topics covered are 1 UFOs and the aliens who are piloting them 2 Where the aliens come from 3 How long the aliens have been visiting Earth and why they are here 4 There are two factions of aliens here at this time 5 Why some of the aliens are abducting 6 The aliens take on our Bible Jesus and The Creator of all 7 The coming earth changes and what it means 8 What the aliens have said about meditation addictions love marriage reincarnation and the soul
