P. Kopp,2009-03-11 During the reign of Pharaoh Amenhotep IV Fred Kopp s image name and deeds were erased from all obelisks temples and public monuments in Muscatine Iowa This book attempts to rectify that injustice *Rock & Roll in Kennedy's America* Richard Aquila,2022-11-29 A rousing poignant look at the cultural history of rock roll during the early 1960s Received Gold for the IPPY Book Award in the Category of Popular Culture by the Independent Publisher In the early 1960s the nation was on track to fulfill its destiny in what was being called the American Century Baby boomers and rock roll shared the country s optimism and energy For one brief shining moment in the early 1960s both President John F Kennedy and young people across the country were riding high The dream of a New Frontier would soon give way however to a new reality involving assassinations the Vietnam War Cold War crises the civil rights movement a new feminist movement and various culture wars From the former host of NPR s Rock Roll America Richard Aquila s Rock Roll in Kennedy s America offers an in depth look at early 1960s rock roll as well as an unconventional history of Kennedy s America through the lens of popular music Based on extensive research and exclusive interviews with Dion Bo Diddley Brenda Lee Martha Reeves Pete Seeger Bob Gaudio Dick Clark and other legendary figures the book rejects the myth that Buddy Holly s death in 1959 was the day the music died It proves that rock roll during the early 1960s was

vibrant and in tune with the history and events of this colorful era These interviews and Aquila's research reveal unique insights and new details about politics gender race ethnicity youth culture and everyday life Rock Roll in Kennedy's America recalls an important chapter in rock roll and American history *Catch a Wave* Peter Ames Carlin, 2007-06-26 Brian Wilson was the visionary behind America's most successful and influential rock band As the leader of the Beach Boys he sold 100 million records and built a catalog of songs that continues to define the sound and feel of American popular music He also became one of the culture's most mysterious and tragic figures but after spending years lost in a wilderness of despair Wilson has fought his way back to productivity Now journalist Carlin who conducted in depth interviews with dozens of sources and listened to hundreds of hours of unreleased studio recordings and live music tells a uniquely American story of the band the music and the culture the Beach Boys both sang about and helped create From publisher description *God Only Knows* Jeff Sellars, 2015-12-14 The Beach Boys are one of rock's most enduring and enigmatic groups and while the band has been the subject of numerous biographies and other in depth studies there has been no focused evaluation of the religious and spiritual themes in their work Spiritual and theological themes are present in much of their work and when this realization is coupled with Brian Wilson's mission to spread the gospel of love through records and his sense of music as spiritual of thinking pop music is going to be spiritual that's the direction I want to go this is a striking way to explore the band's music In *God Only Knows* the contributors attempt to come to grips with just a small amount of this band's massive output by circling around its theological virtues Each section of the book is a loose investigation of the guiding topics of faith hope and love Each essay is a free exploration of theological and spiritual themes from the contributor's own perspectives

Good Vibrations Philip Lambert, 2020-03-06 *Good Vibrations* brings together scholars with a variety of expertise from music to cultural studies to literature to assess the full extent of the contributions to popular culture and popular music of one of the most successful and influential pop bands of the twentieth century The book covers the full fifty year history of the Beach Boys music from essays on some of the group's best known music such as their hit single *Good Vibrations* to their mythical unfinished masterpiece *Smile* Throughout the book places special focus on the individual whose creative vision brought the whole enterprise to life Brian Wilson advancing our understanding of his gifts as a songwriter arranger and producer The book joins a growing body of literature on the popular music of the 1960s in general and on Brian Wilson and the Beach Boys in particular But *Good Vibrations* extends the investigation further and deeper than it has gone before not only offering new understanding and insights into individual songs and albums but also providing close examination of compositional techniques and reflections on the group's place in American popular culture *Fifty Sides of the Beach Boys* Mark Dillon, 2012-06-01 A vivid account Young and old fans alike will enjoy Publishers Weekly This book offers a unique journey through The Beach Boys long fascinating history by telling the stories behind fifty of the band's greatest songs from the perspective of group members collaborators fellow musicians and notable fans Filled with new interviews with music
