Surgeon Under Capricorn:

Surgeon Under Capricorn George Alexis Bankoff,1955 **Surgeon Under Capricorn** George Sava, 1954 Che's Travels Paulo Drinot, 2010-09-01 Country by country historians follow the routes taken by Che Guevara on his two trips The Inner Planets Liz Greene, Howard Sasportas, 1993-01-15 The inner planets across Latin America in the early 1950s Mercury Venus Mars are the foundations of what psychology calls the ego the sense of personal self In this fourth volume in the Seminars in Psychological Astrology series Liz Greene and Howard Sasportas discuss the value of the inner planets as they symbolize important aspects of personality We are not trained to give value to our private needs feelings and qualities Indeed because of their intensely personal nature they are often suppressed or overlooked as irrelevant to society Likewise the inner planets have tended to be given less attention by psychological astrologers for they are the personal planets The authors show us that in order to give the most that we can to our interactions with the rest of the world we must first understand our own needs and have a healthy ego a personal authenticity Their book teaches us the process of understanding how these three planets actually represent our individuality and how they directly color the energy of the rest of our horoscope Greene and Sasportas blend the processes of astrology and psychology in a unique and important way in this indepth insight into the archetypes represented by the inner planets **Who's who** .1975 **Education and Career** in Vedic Astrology Ram Babu Sao, 2025-08-10 Vedic Astrology Jyotish is a powerful tool for gaining profound knowledge about every aspect of life Each person is born with a unique set of psychological tendencies and life potentials This book Education and Career in Vedic Astrology enables the astrologer to know what the Education and Career has in store for the native The horoscope shows us what we are presently working with based on our past actions and thoughts Besides providing deep insight into the past and present the horoscope can also show future trends of events Vedic astrology readings of your horoscope can not do much about it but at least make you aware of the fruitfulness of your potential in the specific direction of education and career And with proper mentoring and understanding you can safeguard yourself from sacrificing your life just for the sake of money Before addressing the suitability of a specific arena for the job business or any other professional activity the prime requirement is to consider the overall potency of a horoscope for professional matters Selection of education and career between job and business is a very crucial and important decision of life Following the planetary strength of your horoscope Vedic astrology readings are reasonably useful to help you in selecting the best option between job and business In brief the following aspects of a horoscope are to be analyzed to find out best suitable option between Job and Business with astrology readings of ascendant tenth third fifth and sixth Bhava and the nature of all these planets involved This knowledge can help the individual make use of latent potentials and approach life s challenges with greater care and purpose By understanding the karmic patterns reflected in the horoscope it is possible to work with these tendencies and potentials to promote greater peace prosperity and happiness in life The light that is shed on a dire personal
