Popular Aviation Combined with Aeronautics ,1929 *The Yankee Chick's Survival Guide to Texas* Sophia Dembling,2001-12-27 In Texas Yankee is a loose term covering a lot of ground If you re not a Texan or a southerner you re a Yankee and therefore to many Texans suspect There are many rites of passage to being a Yankee in Texas the first time you spot a pickup with a gun rack the first time you realize that a week is a long time to go without Mexican food the first time you recognize a change in seasons your first thunderstorm your first honky tonk Culture Shock in Texas can be intense and is exacerbate by local rules of propriety that tell us to keep our mouths shut But here in this book we are going to talk all about it with good old Yankee outspokenness We ll clear the air share experiences orient newcomers and have some good laughs

Ghosting Dominic Pettman,2025-08-21 Abandonment is as old as time but ghosting is a modern twist on this ancient experience It translates this age old phenomenon into our modern world of screens delete buttons and blocking options Ghosting is not only an unpleasant experience or cowardly act but a symptom of our increasingly spectral that is mediated and virtual relationship to the world The overabundance of new modes of communication has invited an almost infinite number of contacts and conversations At the same time it has also offered an unprecedented opportunity for ignoring messages from others And just as we invented the car crash when we invented automobiles we also encouraged ghosting when we created the internet Ghosting creates an empty space in our minds a space faithfully tracing the silhouette of the one who ghosted us But unlike traditional ghosts today s ghosters simply disappear leaving behind a form of haunting that is closer to mourning mourning for someone who is not in fact dead In putting a kind of preemptive mourning into our everyday affairs ghosting tells us much about the current human relationship or non relationship to a shared sense of mortality purpose and spirit This book the first sustained analysis of ghosting traces the source of this vexed experience to and through our current media ecology technological networks political landscape collective psychology romantic mantras and deep sense of social neglect
