The Gentleman In Trollope Individuality And Moral Conduct:

The Gentleman in Trollope Shirley Robin Letwin, 1982 *The Moral Commonwealth* Philip Selznick, 1994-09-09

Establishes the intellectual foundations of a new movement in American thought communitarianism Emerging in part as a response to the excesses of American individualism communitarianism seeks to restore the balance between individual rights and social responsibilities **Stylistic Virtue and Victorian Fiction** Matthew Sussman, 2021-07-01

What is style and why does it matter This book answers these questions by recovering the concept of stylistic virtue once foundational to rhetoric and aesthetics but largely forgotten today Stylistic virtues like ease and grace are distinguishing properties that help realize a text's essential character First described by Aristotle they were integral to the development of formalist methods and modern literary criticism The first half of the book excavates the theory of stylistic virtue during its period of greatest ascendance in the late eighteenth and nineteenth centuries when belletristic rhetoric shaped how the art of literary style and the aesthetic were understood The second half offers new readings of Thackeray Trollope and Meredith to show how stylistic virtue changes our understanding of style in the novel and challenges conventional approaches to interpreting the ethics of art

Pre-Raphaelite Masculinities Serena Trowbridge, 2017-07-05 Drawing on recent theoretical developments in gender and men's studies Pre-Raphaelite Masculinities shows how the ideas and models of masculinity were constructed in the work of artists and writers associated with the Pre-Raphaelite movement Paying particular attention to the representation of non-normative or alternative masculinities the contributors take up the multiple versions of masculinity in Dante Gabriel Rossetti's paintings and poetry masculine violence in William Morris's late romances nineteenth-century masculinity and the medical narrative in Ford Madox Brown's *Cromwell on His Farm* accusations of perversion directed at Edward Burne-Jones's work performative masculinity and William Bell Scott's frescoes the representations of masculinity in Pre-Raphaelite illustration aspects of male chastity in poetry and art Tannhäuser as a model for Victorian manhood and masculinity and British imperialism in Holman Hunt's *The Light of the World* Taken together these essays demonstrate the far-reaching effects of the plurality of masculinities that pervade the art and literature of the Pre-Raphaelite Brotherhood

Traditions of Intolerance Kenneth Lunn, 1989 **The Way They Lived Then** Taylor Prewitt, 2020-07-24

The Way They Lived Then reviews all forty-seven of Anthony Trollope's novels a little-known trove of leisurely examinations of the world of nineteenth-century England Writing with the casual authority of one who has enjoyed reading these works for some forty years Taylor Prewitt has given us a new look at this energetic writer Trollope's novels are a hidden treasure they provide a sly and a wry look at the world of the Victorians Goodreads [The Quest for Gentility in China](#) Daria Berg, Chloe

Starr, 2007-12-07 Exploring an important feature of Chinese culture and civilization the quest for gentility over a long period of time since the seventeenth-century late Ming period this book examines its meanings and how it is transmitted and is

displayed in different situations **Literature and Inequality** Daniel Shaviro, 2020-03-31 The consequences of high-end

inequality seep into almost every aspect of human life it is not just a question for economists In this highly accessible new work Professor Shaviro takes an interdisciplinary approach to explore how great works of literature have provided some of the most incisive accounts of inequality and its social and cultural ramifications over the last two centuries Through perceptive close readings of Jane Austen Charles Dickens and Edith Wharton among others he not only demonstrates how these accounts are still relevant today but how they can illuminate our understanding of our current situation and broaden our own perspective beyond the merely economic

Outlaw Fathers in Victorian and Modern British Literature

Helena Gurfinkel, 2014-03-27 Outlaw Fathers in Victorian and Modern British Literature Queering Patriarchy traces the representations of outlaw fathers or queer patriarchs and their relationships with their queer sons in a particular literary tradition mid to late Victorian and twentieth century British fiction and memoir Specifically I look at such representations in Anthony Trollope's Doctor Thorne 1858 and The Prime Minister 1875-76 while also drawing on An Autobiography 1883 and The Duke's Children 1880 Samuel Butler's The Way of All Flesh published in 1901 Henry James's The Lesson of the Master 1888 J R Ackerley's My Father and Myself written in the 1930s and published in 1968 E M Forster's Little Imber 1961 with an occasional detour into The Longest Journey 1907 Howards End 1909 and Maurice published in 1971 and Alan Hollinghurst's The Spell 1998 In the coda I consider the implications of including transgender transnational female to male fathers of color in the ranks of queer patriarchy and discuss two contemporary novels Jackie Kay's Trumpet 1998 Scotland and Patricia Powell's The Pagoda 1998 Jamaica and the United States as well as briefly an episode an episode of the television show The L Word 2008 and the documentary U People 2007 The term queer patriarchy has two components The first one is a non traditional primarily but not exclusively non heterosexual pervasively present and culturally important paternal subjectivity The second one is the bond between such queer paternal figures and their sons biological and non biological This study pays attention primarily to the relationship between psyche language and ideology but it will join a larger conversation about the changing roles of men in general and fathers in particular which is taking place outside of the field of literary studies
