The Geography Of Nationalism In Russia And The Ussr

E. Bacon, M. Sandle

The Geography Of Nationalism In Russia And The Ussr:

The Geography of Nationalism in Russia and the USSR Robert J. Kaiser, 2017-03-14 The Geography of Nationalism in Russia and the USSR is an important addition to the small library of essential works on the collapse of the Soviet empire. The first attempt to construct and test broad theoretical propositions about place and territoriality in the making of nations, it examines the critical social processes underlying the formation of nations and homelands in Russia and the USSR during the nineteenth and twentieth centuries. Robert Kaiser finds that for the most part national self-consciousness was only beginning to supplant a localist mentality by the time of World War I. The national problem faced by Lenin was fundamentally different from the more difficult nationalist challenge that confronted Gorbachev. In Kaiser's place-based theory, the homeland once created in the imaginations of the indigenous masses powerfully structured national processes and international relations. Indigenization from below became an active competitor with nationality policies that promoted Russification, resulting in the restructuring of ethnic stratification to favor indigenes in their own respective home republics and to challenge Russian dominance outside Russia. The revolutionary changes occurring since 1989, Kaiser argues, should therefore be seen as part of a longer process of indigenization. Originally published in 1994, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. **A History of Russia**

Volume 1 Walter G. Moss, 2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US, Canada, and around the world. Moss's accessible history includes full treatment of everyday life, the role of women, rural life, law, religion, literature, and art. In addition, it provides many other features that have proven successful, including a well-organized and clearly written text, references to varying historical perspectives, numerous illustrations and maps, fully updated bibliographies accompanying each chapter, as well as a general bibliography, a glossary, and chronological and genealogical lists. The Shadow of War Stephen Lovell, 2011-06-24 Taking the achievements, ambiguities, and legacies of World War II as a point of departure, *The Shadow of War: The Soviet Union and Russia 1941 to the Present* offers a fresh new approach to modern Soviet and Russian history. Presents one of the only histories of the Soviet Union and Russia that begins with World War II and goes beyond the Soviet collapse through to the early twenty-first century. Innovative thematic arrangement and approach allows for insights that are missed in chronological histories. Draws on a wide range of sources and the very latest research on post-Soviet history, a rapidly developing field. Supported by further reading, bibliography, maps, and illustrations. **Brezhnev Reconsidered** E. Bacon, M. Sandle, 2002-10-11 Leonid Brezhnev was leader of the Soviet Union for almost two decades when it was at the height of its

powers This book is a long overdue reappraisal of Brezhnev the man and the system over which he ruled By incorporating much of the new material available in Russian it challenges the received wisdom about the Brezhnev years and provides a fascinating insight into the life and times of one of the twentieth century s most neglected political leaders The Cambridge History of Russia: Volume 3, The Twentieth Century Maureen Perrie,Ronald Grigor Suny,2006-11-02 A major history of twentieth century Russia by leading scholars in the field

Islam in Russia: The Politics of Identity and Security Shireen Hunter,2016-09-16 This richly detailed study traces the shared history of Russia and Islam in expanding compass from the Tatar civilization within the Russian heartland to the conquered territories of the Caucasus and Central Asia to the larger geopolitical and security context of contemporary Russia on the civilizational divide The study s distinctive analytical drive stresses political and geopolitical relationships over time and into the very complicated present Rich with insight the book is also an incomparable source of factual information about Russia s Muslim populations religious institutions political organizations and ideological movements

Post Communist States in the World Community William E. Ferry,Roger E. Kanet,2016-01-09 Post Communist States in the World Community provides a selection of papers on various aspects of the foreign and security policies of the post communist states of Europe presented originally at the Fifth World Congress of Central and East European Studies in Warsaw The articles cover Russian foreign and security policy Russian policy in Europe the foreign policies of the countries of East Central Europe and Russian policy in East Asia

From Socialist to Post-Socialist Cities Alexander C. Diener,Joshua Hagen,2016-04-14 The development of post socialist cities has become a major field of study among critical theorists from across the social sciences and humanities Originally constructed under the dictates of central planners and designed to serve the demands of command economies post socialist urban centers currently develop at the nexus of varied and often competing economic cultural and political forces Among these nationalist aspirations previously simmering beneath the official rhetoric of communist fraternity and veneer of architectural conformity have emerged as dominant factors shaping the urban landscape This book explores this burgeoning field of research through detailed cases studies relating to the cultural politics of architecture urban planning and identity in the post socialist cities of Eurasia This book was published as a special issue of Nationalities Papers

Ethnic Relations in Post-Soviet Russia Andrew Foxall,2014-10-03 While the collapse of communism in Russia was relatively peaceful ethnic relations have been deteriorating since then This deterioration poses a threat to the functioning of the Russian state and is a major obstacle to its future development Analysing ethnic relations in the North Caucasus this book demonstrates how a myriad of processes that characterised post Soviet transition including demographic change economic upheaval geopolitical instability and political re structuring have affected daily life for citizens It raises important questions about ethnicity identity nationalism sovereignty and territoriality in the post Soviet space

Kazakhstan in the Making Marlene Laruelle,2016-11-21 Kazakhstan is one of the best known success stories of Central Asia perhaps even of the entire Eurasian

space It boasts a fast growing economy at least until the 2014 crisis a strategic location between Russia China and the rest of Central Asia and a regime with far reaching branding strategies But the country also faces weak institutionalization patronage authoritarianism and regional gaps in socioeconomic standards that challenge the stability and prosperity narrative advanced by the aging President Nursultan Nazarbayev This policy oriented analysis does not tell us a lot about the Kazakhstani society itself and its transformations This edited volume returns Kazakhstan to the scholarly spotlight offering new multidisciplinary insights into the country s recent evolution drawing from political science anthropology and sociology It looks at the regime s sophisticated legitimacy mechanisms and ongoing quest for popular support It analyzes the country s fast changing national identity and the delicate balance between the Kazakh majority and the Russian speaking minorities It explores how the society negotiates deep social transformations and generates new hybrid local and global cultural references
