The Gnosis According To Its Foes:

Echoes from the Gnosis George Robert Stow Mead, 2006-06-25 Between 1906 and 1908 G R S Mead published eleven small books under the series title Echoes from the Gnosis These books contain translations and interpretations of the Gnostic writings of the ancients Long before the discovery of the Nag Hammadi Library Mead translated these esoteric texts of various origins Christian Roman Greek He wanted to make this material accessible to the growing number of people at the time eager to encounter this ancient mystical religion based on an intuitive process of knowing oneself and the hidden aspects of life and existence Upon the publication of the 100 year anniversary edition of the series the appeal for this same material remains stronger than ever *Excerpts and fragments* Hermes (Trismegistus.), George Robert Stow Mead, 1906

Gnosticism Stephan A Hoeller, 2012-12-13 Gnosticism developed alongside Judeo Christianity over two thousand years ago but with an important difference It emphasizes not faith but direct perception of God Gnosticism being derived from the Greek word gnosis meaning knowledge Given the controversial premise that one can know God directly the history of Gnosticism is an unfolding drama of passion political intrigue martyrdom and mystery Dr Hoeller traces this fascinating story throughout time and shows how Gnosticism has inspired such great thinkers as Voltaire Blake Yeats Hesse Melville and Jung

Mead, 2017-08-02 The writing of the present work has been a congenial task to Mr Mead and he has brought to bear lovingly and zealously upon the portraiture of the figure of Christ and of early Christianity all the knowledge which a deep study of Oriental religions from their emotional side could furnish The outset that there is very little of what is commonly regarded as the Theosophic method apparent in the work which is the product of a scholarly though withal very devotional spirit Mr Mead's aim has been to enable the reader to obtain a glimpse of a world of which he has never heard at school and of which no word is ever breathed from the pulpit to take him away from the pictures which the rationalists and the apologists have presented and to enable him to obtain an unimpeded view of that wonderful panorama of religious strife which the first two centuries of our era presented He will here see a religious world of immense activity a vast upheaval of thought and a strenuousness of religious endeavor to which the history of the Western world gives no parallel Thousands of schools and communities on every hand striving and contending a vast freedom of thought a mighty effort to live the religious life Here he finds innumerable points of contact with other religions he moves in an atmosphere of freedom of which he has previously had no experience in Christian tradition Who are all these people not fishermen and slaves and the poor and destitute though those are striving too but these men of learning and ascetic life saints and sages as much as many others to whom the name has been given with far less reason The Life and the Doctrines of Philippus Theophrastus, Bombast of Hohenheim Known by the Name of Paracelsus Theophrastus Paracelsus, Franz Hartmann, 1891 **Studies in Mysticism**
