The Family

Inheritance: Parental Patterns in the Horoscope Juliet Sharman-Burke,2024-11-29 The two seminars in this volume present the complex astrology of family dynamics in a clear insightful and sympathetic way The stories of our family backgrounds portrayed in the birth horoscope are also images of our own development and destiny illuminated by the ancient and ever living characters of myth Parents are both patterns and modes of perception and Juliet Sharman Burke s extensive experience as both a psychotherapist and an astrologer allows her to develop with great clarity and empathy the ways in which the past reveals itself in the present and the future and how we can best express our family inheritance in creative rather than destructive ways Part One explores the planets as parental signifiers each with its accompanying myths while Part Two examines the myths of the zodiac signs as they are expressed through our perception of our parents Students of astrology will appreciate the practical and accessible manner in which profound themes are related to everyday life while experienced astrological practitioners can benefit from the many insights into the fundamental importance of the parental images in the horoscope
