OF THE ULTIMATE MYSTERY

ADAM B. SMITH

The God Shift Our Changing Perception Of The Ultimate Mystery

Claire Brissette-Lamoureux Ph.D.

The God Shift Our Changing Perception Of The Ultimate Mystery:

The God Shift Adrian B. Smith, 2004 Argues that our very idea of God must be changed and brought up to date Smith who is a retired Catholic missionary priest examines thirteen factors in our contemporary life which he believes require a shift in our perception of God a shift which will ultimately make the reality of God central to our lives again Smith believes that the Western world is becoming less and less religious but more and more spiritual and that increasingly people no longer look to the traditional Churches for spiritual nourishment It is to these people that Adrian Smith offers this book

Buddhist-Christian Dual Belonging Gavin D'Costa, Ross Thompson, 2017-05-15 A growing number of people describe themselves as both Buddhist and Christian but does such a self description really make sense Many people involved in inter faith dialogue argue that this dialogue leads to a mutually transformative process but what if the transformation reaches the point where the Buddhist or Christian becomes a Buddhist Christian Does this represent a fulfilment of or the undermining of dialogue Exploring the growing phenomenon of Buddhist Christian dual belonging a wide variety of authors including advocates sympathisers and opponents from both faiths focus on three key questions Can Christian and Buddhist accounts and practices of salvation or liberation be reconciled Are Christian theism and Buddhist non theism compatible And does dual belonging inevitably distort the essence of these faiths or merely change its cultural expression Clarifying different ways of justifying dual belonging contributors offer criticisms of dual belonging from different religious perspectives Theravada Buddhist Evangelical Reformed and Roman Catholic and from different methodological approaches Four chapters then carry the discussion forward suggesting ways in which dual belonging might make sense from Catholic Theravada Buddhist Pure land Buddhist and Anglican perspectives The conclusion clarifies the main challenges emerging for dual believers and the implications for interreligious dialogue

Buddhist and Christian? Rose Drew, 2013-07-03 This is a detailed exploration of Buddhist Christian dual belonging engaging from both Buddhist and Christian perspectives the questions that arise and drawing on extensive interviews with well known individuals in the vanguard of this important and growing phenomenon The issue is pressing insofar the last century has witnessed a gradual but profound transformation of the West's religious landscape In today's context of diversity people are often influenced by more than one religion Multireligious identities are consequently on the rise At one end of the spectrum are those who identify themselves as fully belonging to more than one tradition One of the most prevalent combinations is Christianity and Buddhism This book addresses central and fundamental questions How is it possible to be authentically Buddhist and authentically Christian when for example God is central to Christianity yet absent from Buddhism when Christians have faith in Jesus Christ while Buddhists take refuge in the Buddha when Christians hope for heaven and Buddhists hope for nirvana and when Buddhists and Christians engage in different practices Are those who identify themselves as belonging to both traditions profoundly irrational religiously schizophrenic or perhaps just spiritually superficial Or is it possible somehow to reconcile the thought and practice of Buddhism and

Christianity in such a way that one can be deeply committed to both And if it is possible will the influence of Buddhist Christians on each of these traditions be something to be regretted or celebrated *Shift: Moving Toward God's Perspective* Wendy Delcourt ,2022-03-27 Uncover the power in your story Everyone has a story and every story has powerful potential within Wendy Delcourt uses the platforms of teaching storytelling expressive arts and leadership coaching as she inspires her fellow sojourners to discover more of their own powerful stories of deepening faith opportunities witnessing to the quality and range of God s wonderful plan for their unique lives Throughout her book Wendy invites you into a posture of trust considering the moments in life that require a sincere belief in a miracle working God who has a far greater scope of our unique potential than we could ever humanly grasp Within her book Wendy also packages a process for shaping your moments into powerful stories to share within your circle of influence much like creating your memoirs of spiritual awakening and renewal *Shift Moving Toward God s Perspective* includes an interactive workbook for processing your own story with Wendy s coaching and guidance *Heythrop Journal* ,1997 **Awakening the Witchblood** Nathan King,2024-08-26 Drawing on the myriad of beliefs from European witch traditions Nathan King has created an impressive guidebook combining mythology and folklore with operative rituals designed to enliven and quicken the metaphorical Witch Blood that courses through our veins *The Witchblood* Awakens Witches are not just users of magick we are a physical embodiment reflection and power of the source Coursing through our veins is a potent magickal elixir called the Witchblood our personal source of power that creates the spark igniting our spells and rituals In his first book *Awakening the Witch Blood* folkloric witch and high priest Nathan King takes the reader on a truly magickal journey through witch lore ultimately leading you on a journey of self discovery **Picking up the Pieces: Life After Cancer** Claire Brissette-Lamoureux Ph.D.,2015-07-31 Ones journey through cancer does not end with the last treatment Cancer affects patients and survivors not only physically but emotionally and spiritually as well Living through cancer impacts ones sense of self ones energy level and ones ability to move on The cancer experience calls into question the meaning and purpose of life It affects ones relationship with self others and God Moving forward from the shock and trauma of cancer requires that survivors take time to address these inner dimensions of their cancer experience This book does just that It is a compelling personal journey through the many challenges faced by survivors as they attempt to reclaim their life after cancer The author a ten year cancer survivor believes that facing and walking through the emotional and spiritual upheaval of the cancer experience can have a transforming effect on ones life She describes her own process focusing on the first two years after diagnosis a time of intense fear anxiety uncertainty and turmoil Acknowledging facing and walking through this pain brought her to a place of greater emotional and spiritual freedom to a richer quality of life Although each story is unique survivors live through similar emotional and spiritual struggles Questions included at the end of each chapter invite the reader to reflect upon their personal journey as a way of working through whatever is preventing them from moving forward This book is a must read for
