Lederman, Christopher T. Hill, 2024-08-06 Two leading physicists discuss the importance of the Higgs Boson the future of particle physics and the mysteries of the universe yet to be unraveled On July 4 2012 the long sought Higgs Boson aka the God Particle was discovered at the world s largest particle accelerator the LHC in Geneva Switzerland On March 14 2013 physicists at CERN confirmed it This elusive subatomic particle forms a field that permeates the entire universe creating the masses of the elementary particles that are the basic building blocks of everything in the known world from viruses to elephants from atoms to quasars Starting where Nobel Laureate Leon Lederman s bestseller The God Particle left off this incisive new book explains what s next Lederman and Hill discuss key questions that will occupy physicists for years to come Why were scientists convinced that something like the God Particle had to exist What new particles forces and laws of physics lie beyond the God Particle What powerful new accelerators are now needed for the US to recapture a leadership role in science and to reach beyond the God Particle such as Fermilab s planned Project X and the Muon Collider Using thoughtful witty everyday language the authors show how all of these intriguing questions are leading scientists ever deeper into the fabric of nature Readers of The God Particle will not want to miss this important sequel **The Founding Myth** Andrew L Seidel, 2019-05-14 Do In God We Trust the Declaration of Independence and other historical evidence prove that America was founded on Judeo Christian principles Are the Ten Commandments the basis for American law A constitutional attorney dives into the debate about religion s role in America s founding In today s contentious political climate understanding religion s

role in American government is more important than ever Christian nationalists assert that our nation was founded on Judeo Christian principles and advocate an agenda based on this popular historical claim But is this belief true The Founding Myth answers the question once and for all Andrew L Seidel a constitutional attorney at the Freedom from Religion Foundation builds his case point by point comparing the Ten Commandments to the Constitution and contrasting biblical doctrine with America s founding philosophy showing that the Bible contradicts the Declaration of Independence s central tenets Thoroughly researched this persuasively argued and fascinating book proves that America was not built on the Bible and that Christian nationalism is in fact un American
