Guide to Psychic Power Rosemary Ellen Guiley, 1950-07-10 *Reason, Virtue and Psychotherapy* Antonia Macaro, 2006-06-14 In recent years philosophy has become increasingly popular as an alternative source of inspiration in helping people to lead a good life Ancient Greek philosophy in particular was conceived as a practical endeavour intended to have an impact on how people lived This book loosely organised around the structure of Aristotle s *Nicomachean Ethics* draws on Aristotle s ideas about virtue and on contemporary virtue ethics to create a framework that can be used by psychotherapists and counsellors in helping their clients or themselves to live flourishing lives It provides a clear discussion of Aristotle s key ideas about virtue and the good life and places these within the context of other philosophical and psychological theories both ancient and contemporary It goes on to address the practical relevance of these ideas to the everyday work of the therapist providing suggestions for practice and a number of useful exercises These will be particularly helpful for practitioners working with issues such as finding value and meaning in life making difficult decisions developing helpful character traits managing disruptive emotions and increasing self control *Reason Virtue and Psychotherapy* bridges the gap between academic philosophy and real life It will be of interest to practising counsellors and psychotherapists as well as students and trainees in these areas Since it is written in a clear jargon free style it is also appropriate for all those who are curious about how ancient understandings can improve their life **Your Body** Josephine Chia, 2009-07-16 In the quest for spiritual advancement or enlightenment people often view the body as an unimportant element or worse a hinderance *Your Body Gateway To The Divine* suggests that it is this erroneous idea which gives rise to our continual battle and obsession with our body and body image In this book Josephine Chia presents a celebration of the physical body of the Creator who created it and is a tool towards understanding how we can use our body and our five senses to find our way home to The Divine **The Life-Changing Power of Group Psychometry** Kim McCauley Ph.D., 2025-01-15 The meditation psychometry group that I started in my own home is unique Although it s just one version among a myriad of other kinds of spiritual circles it s very special so special that most of the women in the group call it life changing I m writing this book to share some of these wonderful experiences and guide others who might want to create a similar group of their own My hope is that you remember three key takeaways from this book 1 First everyone has the ability to give a helpful message We can label it as the product of intuition Spirit God our higher self inner guidance or sensory information that works like a radio

signal from our body's electromagnetic field There is nothing to fear with that Nothing 2 Second no one needs to have any experience in being a psychic reader to participate 3 Third and most importantly meeting with others for the purpose of sharing helpful intuitive information deepens each person's sense of belonging self-confidence spiritual insight and personal growth I hope that as you read you'll be picturing yourself seated among us and growing with us I also hope that eventually you will become part of a group that meets regularly or consider starting a group of your own **Seeing Your Life**
