Paul Tillich

The Irrelevance And Relevance Of The Christian Message:

The Irrelevance and Relevance of the Christian Message Paul Tillich, 2007-02-06 The Irrelevance and Relevance of the Christian Message is a transcript of Paul Tillich's 1963 Earl Lectures at the Graduate Theological Union. Delivered just two years before his death, these lectures present Tillich's heartfelt and deeply personal understanding of the relevance of Christian preaching and Christian theology. Why Tillich asks: has the Christian message become seemingly irrelevant to contemporary society? Is the gospel able to give answers to the questions raised by the existentialist analysis of the human predicament? Yes, he answers, but in order to do so, Christian teaching and preaching need to undergo dramatic renewal, the root of which requires an affirmation of love as central to Christian identity. Further, we need to recognize that this task is not limited to preachers and theologians; all of us together are responsible for the irrelevance or the relevance of the gospel in our time.

Retrieving the Radical Tillich Russell Re Manning, 2016-01-26 Paul Tillich is best known today as a theologian of mediation. Many have come to view him as an out-of-date thinker, a safe exemplar of a mid-twentieth-century theological liberalism. The way he has come to be viewed contrasts sharply with the current theological landscape, one dominated by the notion of radicality. In this collection, Russell Re Manning breaks with the widespread opinion of Tillich as safe and dated. Retrieving the Radical Tillich depicts the thinker as a radical theologian, strongly marked but never fully determined by the urgent critical demands of his time. From the crisis of a German cultural and religious life after the First World War to the new realities of religious pluralism, Tillich's theological responses were always profoundly ambivalent, impure, and disruptive, asserts Re Manning. The Tillich that is outlined and analyzed by this collection is never merely correlative. Far from the dominant image of the theologian as a liberal accommodationist, Re Manning reintroduces the troubled and troubling figure of the radical Tillich.

Resurrecting the Death of God Daniel J. Peterson, G. Michael Zbaraschuk, 2014-05-01 Considers the legacy and future of radical theology. In 1966, an infamous Time magazine cover asked, "Is God Dead?" and brought the ideas of theologians William Hamilton and Thomas J. J. Altizer to the wider public. In the years that followed, both men suffered professionally, and there was no notable increase to the small number of thinkers considered death-of-God theologians. Meanwhile, Christian fundamentalism staged a striking comeback in the United States. Yet death of God or radical theology has had an ongoing influence on contemporary theology and philosophy. Contributors to this book explore the origins, influence, and legacy of radical theology and go on to take it in new directions. In a time when fundamentalism is the greatest religious temptation, this volume makes the case for the necessity of resurrecting the death of God. Resurrecting the Death of God shows why Altizer continues to ride the stream of contemporary conversations in academic theology and continental philosophy without ever losing his luster. Carl A. Raschke, author of *Postmodernism and the Revolution in Religious Theory: Toward a Semiotics of the Event*.

The Cambridge Companion to Paul Tillich Russell Re Manning, 2009-02-12 The complex philosophical theology of Paul Tillich (1886-1965), increasingly studied today, was influenced by thinkers as diverse as

the Romantics and Existentialists Hegel and Heidegger A Lutheran pastor who served as a military chaplain in World War I he was dismissed from his university post at Frankfurt when the Nazis came to power in 1933 and emigrated to the United States where he continued his distinguished career This authoritative Companion provides accessible accounts of the major themes of Tillich s diverse theological writings and draws upon the very best of contemporary Tillich scholarship Each chapter introduces and evaluates its topic and includes suggestions for further reading The authors assess Tillich s place in the history of twentieth century Christian thought as well as his significance for current constructive theology Of interest to both students and researchers this Companion reaffirms Tillich as a major figure in today s theological landscape **Paul**

Tillich and His System of Paradoxical Correlation Charles Amarkwei,2020-05-05 This book shows the paradoxical mode by which Christians keep their faith in the Christian message as they relate with science It reveals how Paul Tillich s method of correlation helps us to understand how Christians interact with science without necessarily conflicting separating and dialoguing and synthesizing with each other It rules out natural theology but provides a non eclectic theology of nature that frees Christians to be involved in science meaningfully and without undermining their faith **Animals in Tillich's**

Philosophical Theology Abbey-Anne Smith,2017-10-02 This book explores how Paul Tillich s systematic theology focusing on the concepts of being and reason can benefit nonhuman animals while also analysing how taking proper account of nonhuman animals can prove immensely beneficial The author first explains the body of Tillich s system examining reason and revelation life and the spirit and history and the kingdom of God The second section undertakes a critical analysis of Tillichian concepts and their adequacy in relation to nonhuman animals addressing topics such as Tillich s concept of technical reason and the multidimensional unity of life The author concludes by discussing the positive concepts in Tillich s systematic theology with respect to nonhuman animals and creation including the concept of universal salvation and Tillich s interpretation of nonhuman animals and the Fall in Genesis **The Possibility of Contemporary Prophetic Acts** Randall

Bush,2013-12-13 Is it possible to speak of prophets and prophetic activity in today s world If so who determines whether the prophetic acts are authentic Is this role formerly filled by faith communities now being done within the secular community Randall Bush explores these questions from biblical theological and historical perspectives looking at examples from the prophet Jeremiah the writings of Paul Tillich and the modern civil rights movement work of Rosa Parks and Dr Martin Luther King Jr This compelling discussion touches on issues as old as scripture and as current as today s news headlines and the topic remains as relevant now as it ever was for those with eyes to see and ears to hear **The Living Church** ,1962
