The Island Under The Earth:

The Island Under the Earth Avram Davidson, 1969 **The Island in Imagination and Experience** Barry Smith, 2022-01-01 From Treasure Island to Robben Island from the paradise of Thomas More's Utopia to Napoleon's purgatory on Elba islands have proved irresistible to mankind's imagination since time immemorial Self confessed isomaniac Barry Smith explores how islands bewitch us so and examines the kind of human experiences that islands inspire Journeying all around the globe to take in the most fascinating stories of Earth's half a million islands this book considers the unique geography politics and economics of islands and their cultures It traces their singular place in literature religion and philosophy and disentangles the myths and the facts to reveal just why islands exert such an insistent grip on the human psyche Fascinating and wide ranging Island Review A fascinating survey of the interplay between those little dots of land and the human imagination Smith is excellent on the ways in which islands have always been pawns in geopolitical games witty Geographical Magisterial A harrowing enthralling piece of work that bears comparison with John Prebble's equally dense equally passionate classic The Highland Clearances A fascinating scrupulous angry scholarly book Jim Perrin The Great Outdoors *Volumes, Timescales, and Frequency of Magmatic Processes in the Earth's Lithosphere - Part I and II* Mattia Pistone, Benoit Taisne, Katherine Dobson, 2020-06-25 *Ancient Egypt: The Light of the World (12 volumes in 1)* Gerald Massey, 1907 **Islands Under Fire** Kevin McCarey, 2016-08-02 A portrait of an often overlooked part of America Puerto Rico and the Spanish Virgin Islands this is the little known story of how the U S government in particular the Navy almost destroyed a pristine coral reef to provide a target for gunners The author's true and humorous account of his role in this sometimes bizarre tale reveals how locals politicians and mariners came together to save a coral reef from certain destruction and how the need to protect the fragile marine environment can bring meaning and direction to anyone's life young or old The conservation efforts represent a perfect example of what highly motivated citizens and political leaders can achieve when taking action to protect what they love The author hired as captain of a small research vessel led the underwater search for evidence of the coral reef damage that would be used to convince the U S government to stop its bombardment of the island While he did not have a direct role in the legal activities of Washington DC his efforts to collect factual evidence that would be used by the lawyers proved to be of immeasurable importance His role enabled the Culebrans the residents of this tranquil island paradise to gather proof of the destruction which ultimately convinced everyone including President Nixon to stop the carnage This triumphant tale serves as an inspiration for anyone wanting to make a difference in environmental conservation Video link about the title <https://vimeo.com/115834587> *Island on the Edge of the World* Charles MacLean, 2009-05-01 For more than two thousand years the people of St Kilda remained remote from the world Their society was viable utopian even but in the nineteenth century the islands were discovered by missionaries do gooders and tourists who brought with them money disease and despotism In 1930 the few remaining islanders were evacuated no longer
