The Italian Risorgimento Problems And Perspectives In History:

Handbook for History Teachers W. Burston dec'd, Cyril Green, E Nicholas, A Dickinson, D Thompson, 2021-12-24 First published in 1972 Handbook for History Teachers is intended to be a general and comprehensive work of reference for teachers of history in primary and secondary schools of all kinds The book covers all aspects of teaching history among them are the use of sources world history art and history principles of constructing a syllabus and the psychological aspects of history teaching The bibliographical sections are arranged on three parts school textbooks a section on audio visual aids and finally books for the teacher and possibly for the sixth form It thoroughly investigates and critiques the various methods employed in teaching history within classrooms and suggests alternatives wherever applicable Diligently curated by the Standing Sub Committee in History University of London Institute of Education the book still holds immense value in the understanding of pedagogy

Historicizing Race Marius Turda, Maria Sophia Quine, 2018-02-22 The idea of race may be outdated as many commentators and scholars working in a broad range of different fields in the sciences and humanities have argued over many years Nevertheless it remains one of the most persistent forms of human classification Theories of race primitivism the idea that there is a natural racial hierarchy and ranking order of inferior and superior races race biologism the belief that people can be classified by genetic features which are shared by members of racial groups and race essentialism the notion that races can be defined by scientifically identifiable and verifiable cultural and physical characteristics are deeply embedded in modern history culture and politics Historicizing Race offers a new understanding of this reality by exploring the interconnectedness of scientific cultural and political strands of racial thought in Europe and elsewhere It re conceptualises the idea of race by unearthing various historical traditions that continue to inform not only current debates about individual and collective identities but also national and international politics In a concise format accessible to students and scholars alike the authors draw out some of the reasons why race centred thinking has in recent years re emerged in such shocking and explicit form in current populist xenophobic and anti immigration movements
