The Jericho Sanction:

The Jericho Sanction Oliver North, 2003 *The Jericho Sanction* Oliver North, 2004-08-31 When his cover is blown and his wife is kidnapped in Jerusalem Lt Col Peter Newman realises he may have to pay a catastrophic price for his participation in a secret government mission to uncover Iraqi nuclear weapons Newman has always been willing to put his life on the line for his country As concern that Iraq may already possess nuclear weapons grows he once again puts America first and agrees to undertake a clandestine mission to uncover the weapons But when his cover is blown and his wife is kidnapped in Jerusalem Newman discovers that his courage has put more than just his own life at risk Matters become even more complicated when Israel discovers that Iraq has nukes and plans a pre emptive strike on Baghdad with Jericho missiles an event that could have unprecedented consequences Newman is the only man who knows all of the pieces to the puzzle and the only one experienced and brave enough to prevent full scale nuclear war But as time ticks away will he be able to both save his wife and prevent Armageddon or will he have to make a terrible choice Imagining Iraq Suman Gupta, 2011-01-19

In the run up to during and after the invasion of Iraq a large number of literary texts addressing that context were produced circulated and viewed as taking a position for or against the invasion or contributing political insights This book provides an in depth survey of such texts to examine what they reveal about the condition of literature Spies and Holy Wars Reeva Spector Simon, 2010-11-15 Illuminating a powerful intersection between popular culture and global politics *Spies and Holy Wars* draws on a sampling of more than eight hundred British and American thrillers that are propelled by the theme of jihad an Islamic holy war or crusade against the West Published over the past century the books in this expansive study encompass spy novels and crime fiction illustrating new connections between these genres and Western imperialism Demonstrating the social implications of the popularity of such books Reeva Spector Simon covers how the Middle Eastern villain evolved from being the malleable victim before World War II to the international techno savvy figure in today s crime novels She explores the impact of James Bond pulp fiction and comic books and also analyzes the ways in which world events shaped the genre particularly in recent years Worldwide terrorism and economic domination prevail as the most common sources of narrative tension in these works while military tech novels restored the prestige of the American hero in the wake of post Vietnam skepticism Moving beyond stereotypes Simon examines the relationships between publishing trends political trends and popular culture at large giving voice to the previously unexamined truths that emerge from these provocative page turners

Abiding Darkness John Aubrey Anderson, 2009-09-26 This sweeping saga weaves a riveting tale about a young girl s battle with one of hell s minions determined to destroy her and those closest to her This is the first volume in the Black or White Chronicles series relating stories of life in the Deep South during its most tumultuous times **American Heroes** Oliver North, 2013-11-05 From the New York Times bestselling author of *Heroes* Proved a moving and inspirational chronicle of our national heroes sacrifices and triumphs in Iraq and Afghanistan after their return to the homefront Combat decorated

Marine Oliver North delivers a riveting firsthand account of the extraordinary young American volunteers the best and bravest of their generation who stepped forward to defend us from radical Islamic terror For more than a dozen years North and his award winning documentary team from FOX News Channel s War Stories have traveled to the frontlines of the War on Terror to profile the dedicated men and women who serve our nation in harm s way and chronicle what it truly means to be a hero This time he follows them from the battlefield to the homefront and finds extraordinary inspiration in their triumph over life altering adversity In this new volume of his New York Times bestselling American Heroes series North describes in vivid detail the breathtaking courage steadfast commitment and resilient strength of those who serve and those who love them The term selfless devotion may be a cliché to many in our modern culture but not to the men and women on the pages of this book Their stories resound with bravery a warrior ethos and spiritual strength that ought to encourage us all Heroes are people who knowingly place themselves at risk for the benefit of others They give of themselves literally and physically Since the terror attack of 9 11 01 more than 2 million young Americans have volunteered to serve in difficult and dangerous places No military force in history has been asked to do more than those who have served and sacrificed in this long fight They are American heroes So too are their loved ones here at home These are their stories *The Assassins* Oliver North, Joe Musser, 2005 When America learns that Islamic jihadists have destroyed oil sites in Saudi Arabia inflation hits the world s financial markets which causes Congress to adopt a bill that allows one hundred specialists to seek and destroy the terrorists

INTELLIGENCE AND PRIVATE INVESTIGATION Hank Prunckun, 2013-07-01 While many books have been written about private investigation this text is different in that it does not deal with the subject from traditional perspectives It examines how private investigation has grown particularly since 9 11 into an exacting and sophisticated occupation The book looks at the key issues in what it describes as private intelligence that is intelligence activities practiced by operatives other than law enforcement national security or the military Eleven world experts contribute chapters addressing key practice issues concerning the skills abilities and knowledge necessary in the new realm of private intelligence The initial three chapters provide a report on present day private intelligence and offer an overview of the specifics of intelligence issues that follow Eleven subsequent chapters take the reader progressively through various intelligence related subjects Major topics presented include skills for intelligence led private investigators open source intelligence target profiling fraud intelligence political intelligence anti terrorist and anti gang intelligence illicit organizations and financial intelligence counterintelligence clandestine communication methods preparing a prosecution brief legal issues for intelligence led private investigators and ethical issues for intelligence led private investigators Additionally the text contains several features that will appeal to both students and instructors These include a set of key terms and phrases a number of study questions and learning activities in each chapter Written in a clear and concise style the text provides a foundation of practical and useful information It will be a most important and unique resource for undergraduate students in private investigation courses as

well as intelligence practitioners and general readers interested in self development study *Historical Dictionary of the Reagan-Bush Era* Richard S. Conley, 2017-03-09 From the vantage point of the 2016 presidential election and the deepening polarization of American politics in recent decades it is striking how much more distant the Reagan Bush era of the 1980s and early 1990s seems compared to the years that have actually passed Whither the Republican Party of yesteryear Like reincarnated characters from Samuel Beckett s classic play *Waiting for Godot* many disillusioned conservatives in the new millennium continue to search obdurately and in vain for a leader who embodies the acclaimed leadership traits of Ronald Reagan This second edition of *Historical Dictionary of the Reagan Bush Era* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations events institutions policies and issues This book is an excellent resource for students researchers and anyone wanting to know more about this era **Books** ,
