The Jewish Community Of The North Shore Images Of America Series:

The Jewish Community of the North Shore Alan S. Pierce, Avrom J. Herbster, 2003 The Jewish Community of the North Shore captures the vibrant history of Jewish immigration entrepreneurship and community life north of Boston The first major influx of Jewish immigrants to the region came in the late nineteenth century as eastern Europeans fled oppression and persecution in search of a new life in the land of freedom and promise Many Jews found work in the tanneries of Peabody known worldwide as the Leather City and in the shoe factories of Lynn while others ran their own businesses including kosher butcher shops newspapers and retail trade stores in Salem and Beverly Culled from the impressive archives of the Jewish Historical Society of the North Shore this rare compilation pays tribute to the Jewish immigrants who settled north of Boston and their descendants who became prominent business spiritual and community leaders West Ridge Jacques E. Day, Jamie Wirsbinski Santoro, 2008 While West Ridge residents often disagree about what to call their neighborhood West Rogers Park to some North Town to others the people of this north side community share a common commitment to the American dream Drawn by inexpensive land 10 miles north of the burgeoning city of Chicago European immigrants settled here in the 1830s along the high grounds west of a glacial ridge known today as Ridge Boulevard Dubbed Cabbage Heads by their Rogers Park neighbors the citizens of West Ridge boldly incorporated as a village in 1890 remaining independent until its 1893 annexation to Chicago Over time West Ridge blossomed from sparsely populated farmland into a dynamic neighborhood with Devon Avenue at its core Now home to one of the Midwests largest Jewish communities a hub of Indian Pakistani and Bangladeshi culture and a haven for newcomers from Russia Afghanistan and Iraq West Ridge remains a port of entry for immigrants and a place where cultures coalesce In West Ridge one can play bridge or cricket worship at mass or the mosque eat kosher or curry all within a few city blocks The B'nai B'rith International Jewish Monthly, 2001 Matzoh Ball Gumbo Marcie Cohen Ferris, 2005 Examining the expressive power of food throughout southern Jewish history Ferris demonstrates how southern Jews reinvented traditions as they adjusted to living in a largely Christian world Features anecdotes oral histories and more than 30 recipes Photos **Forthcoming Books** Rose Arny, 2003 *Northern California Jewish Bulletin*, 1990-07 **Library of Congress Catalog: Motion Pictures and Filmstrips** Library of Congress, 1968 American Book Publishing Record, 2003 **Hartford Seen** Pablo Delano, 2020-03-06 Hartford Seen is the first modern day art photography book focused exclusively on Connecticut's capital city Born and raised in Puerto Rico Pablo Delano relocated from Manhattan to Hartford in 1996 to teach photography at Trinity College On his daily drive to work he was struck continually by the city's visual beauty and complexity He left the car and began to explore using his camera as a means of gaining a deeper understanding of what he found In this personal meditation on Hartford's built environment Delano implements a methodical but intuitive approach scrutinizing the layers of history embedded in the city's fabric He documents commercial establishments industrial sites places of worship and homes with a painter's eye to color

and composition His vision tends to eschew the city's better known landmarks in favor of vernacular structures that reflect the tastes and needs of the city's diverse population at the dawn of the 21st Century Over the last 100 years Hartford may have transformed from one of America's wealthiest cities to one of its poorest but as suggested by Hartford Seen today it nevertheless enjoys extraordinary cultural offerings small entrepreneurship and a vibrant spiritual life The city's historical palette consists mostly of the brownstone redbrick and gray granite shades common in New England's older cities Yet Delano perceives that it is also saturated with the blazing hues favored by many of its newer citizens With more than 150 full color images Hartford Seen vitally expands the repertoire of photographic studies of American cities and of their contemporary built environments
