**Stephen W. Angell, Pink
Dandelion, David Harrington Watt**

The Journal And Major Essays Of John Woolman Edited By Phillip P Moulton:

New Jersey in the American Revolution Barbara J. Mitnick, 2007-03-12 This remarkably comprehensive anthology brings new life to the rich and turbulent late 18th century period in New Jersey Originally conceived for the state's 225th Anniversary of the Revolution Celebration Commission

American Nonviolence Ira Chernus, 2004-01-01 *From the Library of C. S. Lewis* James Stuart Bell, Anthony P. Dawson, 2012-06-05 To truly know Lewis one must become familiar with the body of literature that marked his life Jim Bell and Tony Dawson give curious students of Lewis a glimpse of the books and authors that informed his life's work and kindled his imagination Jerry Root coeditor of *The Quotable C S Lewis* and a C S Lewis scholar C S Lewis was one of the most influential thinkers and writers of the twentieth century But who influenced C S Lewis What were the sources of his inspiration Who were his spiritual mentors Drawn from Lewis's personal library annotations and references from his writings this book includes more than 200 selections from literary giants such as Dante Augustine and Chaucer as well as more contemporary writers such as G K Chesterton Dorothy L Sayers George MacDonald and J R R Tolkien providing a vast array of inspiration from those who have shone forth as messengers of light in Lewis's own thinking writing and spiritual growth In this treasury you will glean wisdom on living a devout life from Andrew Murray and Brother Lawrence Tap into fantasy and imagination with William Wordsworth and Geoffrey Chaucer Ponder creation and poetry alongside Sir Walter Scott and Aristotle And much more

The Creation of Modern Quaker Diversity, 1830-1937 Stephen W. Angell, Pink Dandelion, David Harrington Watt, 2023-04-28 The period from 1830 to 1937 was transformative for modern Quakerism Practitioners made significant contributions to world culture from their heavy involvement in the abolitionist and women's rights movements and creation of thriving communities of Friends in the Global South to the large scale post World War I humanitarian relief efforts of the American Friends Service Committee and Friends Service Council in Britain *The Creation of Modern Quaker Diversity 1830 1937* explores these developments and the impact they had on the Quaker religion and on the broader world Chapters examine the changes taking place within the denomination at the time including separations particularly in the United States that resulted in the establishment of distinct branches and a series of all Quaker conferences in the early twentieth century that set the agenda for Quakerism Written by the leading experts in the field this engaging narrative and penetrating analysis is the authoritative account of this period of Quaker history It will appeal to scholars and lay Quaker readers alike and is an essential volume for meeting libraries In addition to the editors the contributors include Joanna Clare Dales Richard Kent Evans Douglas Gwyn Thomas D Hamm Robynne Rogers Healey Julie L Holcomb Sylvester A Johnson Stephanie Midori Komashin Emma Jones Lapsansky Isaac Barnes May Nicola Slepwood Carole Dale Spencer and Randall L Taylor

Common Ground Eileen Flanagan, 2025-08-26 In *Common Ground* veteran organizer Eileen Flanagan weaves together a

series of stories of hard won successes in the climate change movement including against a multinational bank in one case and a heavily polluting fossil fuel company in another based on grassroots organizing As heat waves wildfires storms and floods become ever more deadly the book describes a groundswell of action in which citizens of all ages races and political stripes struggle to understand each other and the enormous challenges we face fighting companies and governments wilfully blind to the climate change dangers we face as a society A Quaker activist facilitator and teacher Flanagan takes us on a personal journey through her environmental direct action experiences as well as her relationships with community leaders to understand how we can form coalitions to actually make a difference Flanagan shows that the illusion of separation the fallacy that humans can thrive in a dying world is at the root of interlocking environmental crises and that it is often politicians and corporations who benefit by keeping the rest of us divided across lines of race class religion and generation In Common Ground Flanagan argues that more than technology or even elections acting in solidarity with all life is humanity's best hope for survival Includes a foreword by internationally acclaimed South African activist Kumi Naidoo President of the Fossil Fuel Non Proliferation Treaty Initiative and former head of Greenpeace International and Amnesty International

The Journal and Major Essays of John Woolman John Woolman, 1971 **Polemical Pain** Margaret

Abruzzo, 2011-05-01 In 2008 and 2009 the United States Congress apologized for the fundamental injustice cruelty brutality and inhumanity of slavery Today no one denies the cruelty of slavery but few issues inspired more controversy in the eighteenth and nineteenth centuries Abolitionists denounced the inhumanity of slavery while proslavery activists proclaimed it both just and humane Margaret Abruzzo delves deeply into the slavery debate to better understand the nature and development of humanitarianism and how the slavery issue helped shape modern concepts of human responsibility for the suffering of others Abruzzo first traces the slow indirect growth in the eighteenth century of moral objections to slavery's cruelty which took root in awareness of the moral danger of inflicting unnecessary pain Rather than accept pain as inescapable as had earlier generations people fought to ease discredit and abolish it Within a century this new humanitarian sensibility had made immoral the wanton infliction of pain Abruzzo next examines how this modern understanding of humanity and pain played out in the slavery debate Drawing on shared moral philosophical concepts particularly sympathy and benevolence pro and antislavery writers voiced starkly opposing views of humaneness Both sides constructed their moral identities by demonstrating their own humanity and criticizing the other's insensitivity Understanding this contest over the meaning of humanity and its ability to serve varied even contradictory purposes illuminates the role of pain in morality Polemical Pain shows how the debate over slavery's cruelty played a large unrecognized role in shaping moral categories that remain pertinent today Prayer Richard Foster, 2012-02-16 This book is a comprehensive profound and immediately accessible book which opens the way for all to increase their understanding and develop their practice of prayer Richard Foster explores the riches of the historical classics of prayer as well as his own personal experience No one who reads Prayer

will remain unmoved all will find encouragement within its pages Four Hundred Souls Ibram X. Kendi, Keisha N. Blain, 2021-02-02 1 NEW YORK TIMES BESTSELLER A chorus of extraordinary voices tells the epic story of the four hundred year journey of African Americans from 1619 to the present edited by Ibram X Kendi author of *How to Be an Antiracist* and Keisha N Blain author of *Set the World on Fire* FINALIST FOR THE ANDREW CARNEGIE MEDAL NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post Town through places laws and objects While themes of resistance and struggle of hope and reinvention course through the book this collection of diverse pieces from ninety different minds reflecting ninety different perspectives fundamentally deconstructs the idea that Africans in America are a monolith instead it unlocks the startling range of experiences and ideas that have always existed within the community of Blackness This is a history that illuminates our past and gives us new ways of thinking about our future written by the most vital and essential voices of our present *On the Voices, Contexts and Tasks of Theology: Experiments in Quaker and Feminist Thought* Rachel Muers, 2025-10-16 Who is Christian theology for what is it for and what can it do Rachel Muers explores the voice of Christian theology the relationship between the subject of theology and theological discourse The book begins with the question how does someone speak of God understood not as a question about the criteria or authorised sources for theology but as a question of what is going on when theology is done How is it possible to speak as this particular historical embodied subject about God Muers investigates voice through engagement with historical and contemporary theologians particularly but not only with women who are speaking from relatively marginalised positions and contending with the lack of societal authorisation for their theological work Recognising that the question of voice is often equated in the contemporary context with the representation of identities and with how spaces and institutions can facilitate that representation the narrative considers more directly how questions of identity and context particularly in relation to gender shape the construction and representation of systematic theology and of theological tradition Muers examines the vocation of theology particularly in the contemporary Western academy and alongside other humanities subjects and a concluding chapter sets out a vision for ecumenical theological work The book draws extensively on the author's own Quaker tradition and on her experience of teaching and mentoring theologians The Reformation of American Quakerism, 1748-1783 Jack D. Marietta, 2007-08-28 The Reformation of American Quakerism 1748 1783 offers a detailed history of the withdrawal of the Society of Friends from mainstream America in the years between 1748 and the end of the American Revolution Jack D Marietta examines the causes course and consequences both social and political of the Quakers retreat from prominent positions in civil government while at the same time developing a more distinctive and purified religious community These changes amounted to a watershed in the greater history of the Society of Friends a turning away from its engagement with the world on behalf of a Whig political philosophy and toward a role as critic and gadfly on the periphery of political society Less conspicuously but perhaps more dramatically the internal transformation of the Society through the strengthening of the members commitment to a host of

Quaker sectarian values among them exogamy guarded childrearing sexual continence honesty simplicity humility and asceticism was enforced by the reformers stern determination that members would either conform to these mores or face expulsion from the Society These changes resulted in the revitalization of the society and made possible the Quakers campaign against slavery thus distinguishing them as the first group of people in history to espouse abolition Marietta draws on a wealth of data over 10 000 disciplinary cases in the Society s records dating from 1682 The author s description and evaluation of the role status and treatment of women in the Society is sympathetic and what emerges from his interpretation is a sensitive portrayal not only of withdrawal but of the substitution of a vision different from the one that inspired the Holy Experiment

Slave Counterpoint Philip D. Morgan, 2012-12-01 On the eve of the American Revolution nearly three quarters of all African Americans in mainland British America lived in two regions the Chesapeake centered in Virginia and the Lowcountry with its hub in South Carolina Here Philip Morgan compares and contrasts African American life in these two regional black cultures exploring the differences as well as the similarities The result is a detailed and comprehensive view of slave life in the colonial American South Morgan explores the role of land and labor in shaping culture the everyday contacts of masters and slaves that defined the possibilities and limitations of cultural exchange and finally the interior lives of blacks their social relations their family and kin ties and the major symbolic dimensions of life language play and religion He provides a balanced appreciation for the oppressiveness of bondage and for the ability of slaves to shape their lives showing that whatever the constraints slaves contributed to the making of their history Victims of a brutal dehumanizing system slaves nevertheless strove to create order in their lives to preserve their humanity to achieve dignity and to sustain dreams of a better future

An Energy Field More Intense Than War Michael True, 1995-11-01 American history abounds with a rich tradition of literature dealing with nonviolence In a work that spans from the seventeenth century to the present Michael True brings to light the strong but long neglected strain in American culture nonviolence as an active response to conflicts and divisiveness In identifying writings about action for social change he distinguishes literary works from peace advocacy and nonviolence and relates them to broad currents of United States history The Quakers of the 1680s and abolitionists of the 1850s the sanctuary Movement and Plowshares of the 1980s novelists from Nathaniel Hawthorne to Norman Mailer and poets from Walt Whitman to Denise Levertov all have written powerful works on nonviolent action Through this literature the author explores the beauty of an important theme in American literature At a time when people face widespread injustice True reminds us that nonviolence holds a significant place in our country s history

Encyclopedia of African American History Leslie M. Alexander, Walter C. Rucker, 2010-02-09 A fresh compilation of essays and entries based on the latest research this work documents African American culture and political activism from the slavery era through the 20th century Encyclopedia of African American History introduces readers to the significant people events sociopolitical movements and ideas that have shaped African American life from earliest contact between African peoples and Europeans through the late

20th century This encyclopedia places the African American experience in the context of the entire African diaspora with entries organized in sections on African European contact and enslavement culture resistance and identity during enslavement political activism from the Revolutionary War to Southern emancipation political activism from Reconstruction to the modern Civil Rights movement black nationalism and urbanization and Pan Africanism and contemporary black America Based on the latest scholarship and engagingly written there is no better go to reference for exploring the history of African Americans and their distinctive impact on American society politics business literature art food clothing music language and technology

Moral Imperium Ronald Richardson, 1987-01-19 During the past decade the problem of British slave emancipation has generated considerable historiographical debate Yet until now this debate has emphasized the relative importance of ideals and material self interest in the British emancipation movement In *Moral Imperium* Ronald Richardson offers a new assessment of the relative importance of ideas religious enthusiasm national interest and political circumstances Arguing that historians have yet to develop an understanding of the impact of the Afro Caribbean population on the development of British anti slavery thought in general and the anti slavery movement as a whole he contends that abolition and emancipation were carried out in the context of British rule and were designed to create a social environment that would be receptive to British needs

Famous Conversions Hugh Thomson Kerr, John M. Mulder, 1994 A collection of fifty first person conversion accounts spanning Christian history from the Apostle Paul to St Augustine to Malcolm Muggeridge and Charles Colson The selections intended to be representative rather than exhaustive are each prefaced with brief comment by the editors

New England Journal of Black Studies, 1989

Journaling as a Spiritual Practice Helen Cepero, 2015-07-10 Helen Harmelink Cepero looks at how we can use journal writing to enhance and support other disciplines such as discernment self understanding attention to God prayer and more

Finding Right Relations Marianne O. Nielsen, Barbara M. Heather, 2022-05-24 Colonialism has the power to corrupt This important new work argues that even the early Quakers who had a belief system rooted in social justice committed structural and cultural violence against their Indigenous neighbors

The Journal And Major Essays Of John Woolman Edited By Phillip P Moulton Book Review: Unveiling the Magic of Language
