Religion And Ultimate Well-Being Martin Prozesky, 1984-08-23 **The Karl Marx Library: On freedom of the press and censorship** Karl Marx, 1972 The Karl Marx Library: On religion Karl Marx, 1974 The Publishers' Trade List Annual , 1985 *Conceptions of God, Freedom, and Ethics in African American and Jewish Theology* K. Buhring, 2008-05-12 This book is a consideration of major contemporary Black and Jewish understanding of God examining how profound faith in a just God is sustained and even strengthened in the face of particularly horrific and long standing evil and suffering in a community **That They be One** Michael Joseph Schuck, 1991 The social teaching of the Roman Catholic Church has aroused public interest in recent years with the increased involvement of North American bishops in matters of civic morality with the growth of liberation theology in Central and South America and with the ongoing political and economic statements of Pope John Paul II A vital ingredient of Roman Catholic social teaching is the papal encyclical literature Debate grows however over exactly what the papal letters teach Noteworthy encyclical commentaries exist but none has attempted a comprehensive historical analysis of the complete content and overall coherence of Roman Catholic encyclical social teaching This book appearing in advance of the 1991 centennial of Rerum novarum provides the kind of analysis that concerned Roman Catholics public officials social ethicists theologians and students are looking for a textually inclusive and topically broad gauged study of Catholic social teaching in its historical development with a forthright assessment of the teaching s contradictions and consistencies *Swords to Plowshares* Warren Snodgrass, 2000 Against the backdrop of upheaval throughout the Soviet Empire the people of East Germany arose in spontaneous revolt and threw off the bonds of tyranny In the face of police brandishing truncheons and soldiers wielding machine guns they held candles and sang Walled within an atheist land they flocked to churches and prayed Labeled enemies of the State they chanted defiantly We Are the People The epicenter of the revolution was Leipzig in the St Nikolas Church For years handfulls of dissidents had gathered there on Monday evenings for prayer services but in 1988 attendance suddenly increased and by the fall of 1989 the sanctuary was full and people literally spilled onto the streets outside In response the State dispatched its security forces threatening violence to restore public order The stage was set for a decisive confrontation between the vanguard of the proletariat and the workers themselves Yet the story is more complex than a struggle between Church and State In fact Church leaders hoped to reform not replace socialist society while communist officials who refused to deviate from the scientific worldview of Marxism Leninism nevertheless conceded the Church a role within socialism And many who attended the prayer services and then demonstrated outside St Nikolas had long ago wearied of communist propaganda but had little interest in Christianity They simply wanted out of the German Democratic Republic and so they used the sanctuary of the Church to launch protests they hoped would speed their exit On a larger scale the drama was the end of a grand political experiment pitting democracy against the Party State of Marxism Leninism Among the countries segregated into the Western
