Hollars,2019-09-01 Midwestern Strange chronicles B J Hollars s exploration of the mythic lesser known oddities of flyover country The mysteries ranging from bipedal wolf sightings to run ins with pancake flipping space aliens to a lumberjack inspired Hodag hoax make this book a little bit X Files a little bit Ghostbusters and a whole lot of Sherlock Holmes Hollars s quest is not to confirm or debunk these mysteries but rather to seek out these unexplained phenomena to understand how they complicate our worldview and to discover what truths might be gleaned by reexamining the facts in our post truth era Part memoir and part journalism Midwestern Strange offers a fascinating funny and quirky account of flyover folklore that also contends with the ways such oddities retain cultural footholds Hollars shows how grappling with such subjects might fortify us against the glut of misinformation now inundating our lives By confronting monsters Martians and a cabinet of curiosities we challenge ourselves to look beyond our presumptions and acknowledge that just because something is weird doesn t mean it is wrong **Controversial New Religions** James R. Collins,Phillip D. Collins,2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own

surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond
