quickly found fame with Alexander's Ragtime Band in 1911. In the extraordinary six decades that followed, Berlin wrote one popular hit after another: Blue Skies, Always Cheek to Cheek, White Christmas, God Bless America, There's No Business Like Show Business, and many more. He also wrote a number of the classics of musical theater's Golden Age, climaxing with *Annie Get Your Gun*. He penned three Astaire and Rogers films: *Top Hat*, *Carefree*, and *Follow the Fleet*, as well as the scores of *Holiday Inn*, *Easter Parade*, and other films. The breadth of his accomplishment is staggering. Class List of the Books in the Reference Library Nottingham (England). Free Public Reference Library, 1908 *What Kind of a Thing Is a Middle English Lyric?* Cristina Maria Cervone, Nicholas Watson, 2022-08-30 *What Kind of a Thing Is a Middle English Lyric* considers issues pertaining to a corpus of several hundred short poems written in Middle English between the twelfth and early fifteenth centuries. The chapters draw on perspectives from varied disciplines including literary criticism, musicology, art history, and cognitive science. Since the early 1900s, the poems have been categorized as lyrics, the term now used for most kinds of short poetry, yet neither the difficulties nor the promise of this treatment have received enough attention. In one way, the book argues, considering these poems to be lyrics obscures much of what is interesting about them. Since the nineteenth century, lyrics have been thought of as subjective and best read without reference to cultural context, yet nonetheless they are taken to form a distinct literary tradition. Since Middle English short poems are often communal and usually spoken, sung, and/or danced, this lyric template is not a good fit. In another way, however, the very differences between these poems and the later ones on which current debates about the lyric still focus suggest they have much to offer those debates and vice versa. As its title suggests, this book thus goes back to the basics, asking fundamental questions about what these poems are, how they function formally and culturally, how they are and are not related to other bodies of short poetry, and how they might illuminate and be illuminated by contemporary lyric scholarship. Eleven chapters by medievalists and two responses by modernists all in careful conversation with one another reflect on these questions and suggest very different answers. The editors' introduction synthesizes these answers by suggesting that these poems can most usefully be read as a kind of play in several senses of that word. The book ends with eight new Middle English lyrics by seven contemporary poets. **Second Supplement to the Catalogue of Books in the Mercantile Library of the City of New York** Anonymous, 2023-03-29 Reprint of the original first published in 1872 Library of the World's Best Literature Charles Dudley Warner, 1896 **The Warner Library: The world's best literature** Charles Dudley Warner, John William
