The Mad Ghoul:

Heritage Vintage Movie Poster Signature Auction 2005 Catalog #617 Ivy Press, 2005-06 **Smirk, Sneer and Scream** Mark Clark, 2003-12-31 While you may think the old adage about oil and water being unable to mix applies perfectly to the cinema of terror and the craft of great acting many a grease painted scare and fluid performance have been combined in the strange alchemy that is the horror film From the silent mastery of Lon Chaney's *The Phantom of the Opera* to the cultured cannibalism of Anthony Hopkins in *The Silence of the Lambs* the genre has seen an impressive number of noteworthy portrayals far removed from the stereotypical leering monster and terrified maiden Part One of this work highlights the stars of this screen style those whose numerous roles and outstanding performances made their names synonymous with horror cinema Part Two covers actors who although not normally associated with the genre still contributed to its history Part Three covers the great actresses in horror films and highlights their acting achievement An appendix lists all the Academy Award nominations and winners in the horror genre **...But If a Zombie Apocalypse Did Occur** Amy L. Thompson, Antonio S. Thompson, 2015-08-12 Part pop culture trope part hypothetical cataclysm the zombie apocalypse is rooted in modern literature film and mythology This collection of new essays considers the implications of this scientifically impossible but perhaps imminent event examining real world responses to pandemic contagion and civic chaos as well as those from Hollywood and popular culture The contributors discuss the zombie apocalypse as a metaphor for actual catastrophes and estimate the probabilities of human survival and behavior during an undead invasion *A Year of Fear* Bryan Senn, 2015-03-26 This eclectic overview of horror cinema offers up a collection of horror films for practically any occasion and literally every day of the year For example the author recommends commemorating United Nations Day October 24 with a screening of *The Colossus of New York* whose startling climax takes place at the U N Building Each day by day entry includes the movie title production year plot summary and critique along with a brief explanation of how the film fits into the history of that particular day and interesting anecdotes on the film's production **Hollywood War Films, 1937-1945** Michael S. Shull, David Edward Wilt, 2015-09-03 From 1937 through 1945 Hollywood produced over 1 000 films relating to the war This enormous and exhaustive reference work first analyzes the war films as sociopolitical documents Part one entitled *The Crisis Abroad 1937 1941* focuses on movies that reflected America's increasing uneasiness Part two *Waging War 1942 1945* reveals that many movies made from 1942 through 1945 included at least some allusion to World War II *Children of the Night* Randy Rasmussen, 2006-03-24 There are six of them heroines heroes wise elders mad scientists servants and monsters One of the most fascinating and also endearing aspects of horror films is how they use these six clearly defined character types to portray good and evil This was particularly true of the classics of the genre where actors often appeared in the same type of role in many different films The development of the archetypal characters reflected the way the genre reacted to social changes of the time As the Great Depression yielded to the uncertainty of World War II

flawed but noble mad scientists such as Henry Frankenstein gave way to Dr Nieman The Ghost of Frankenstein with his dreams of revenge and world conquest This work details the development of the six archetypes in horror films and how they were portrayed in the many classics of the 1930s and 1940s **Phantom Ladies** Tim Snelson,2014-11-15 Defying industry logic and gender expectations women started flocking to see horror films in the early 1940s The departure of the young male audience and the surprise success of the film Cat People convinced studios that there was an untapped female audience for horror movies and they adjusted their production and marketing strategies accordingly Phantom Ladies reveals the untold story of how the Hollywood horror film changed dramatically in the early 1940s including both female heroines and female monsters while incorporating elements of women s genres like the gothic mystery Drawing from a wealth of newly unearthed archival material from production records to audience surveys Tim Snelson challenges long held assumptions about gender and horror film viewership Examining a wide range of classic horror movies Snelson offers us a new appreciation of how dynamic this genre could be as it underwent seismic shifts in a matter of months Phantom Ladies therefore not only includes horror films made in the early 1940s but also those produced immediately after the war ended films in which the female monster was replaced by neurotic psychotic or hysterical women who could be cured and domesticated Phantom Ladies is a spine tingling eye opening read about gender and horror and the complex relationship between industry and audiences in the classical Hollywood era **Character Actors in Horror and Science Fiction Films, 1930-1960** Laurence
