## **The Magen David How The Sixpointed Star Became An Emblem For The Jewish People:**

**The Magen David** W. Gunther Plaut,1991 The hexagram was a symbol used by Jews and non Jews from ancient times on often as a decoration or a protective device It became associated with Jews in 14th century Prague when the Jews were given their own flag red with a yellow Magen David and spread through the Austrian Empire The Zionists adopted the symbol as part of the national ensign Pp 97 104 deal with the Nazi use of the Magen David to mark the Jews At first it was painted on shop windows and displayed in caricatures The badge with the star was introduced in Poland in October 1939 and used throughout occupied Europe

**The Trouble with the Trinity** Carlos A. Pinkham,2019-07-26 One God or one with several forms Or maybe two three or perhaps many separate Gods If you seriously study all the Christian religions you will find that each of these possibilities is claimed That is one trouble with the Trinity there are just too many possibilities Which if any is right Which view does the Bible support And if it supports one view how strongly and in exactly what way The Trouble with the Trinity attempts to study every verse in God s Word that links a name for one or more members of the Godhead with a nearby word or concept for God Nearly a thousand verses meet this condition Collating them into logical categories reveals the eight and only eight possible ways and combinations that could help us understand that the Father Son and Holy Spirit is Three in One Moreover when the verses in each of these eight ways are further organized they provide deep insights into the nature of God And when the eight ways are woven together they reveal a startling symbol with relevance to Judaism Christianity Islam geometry and our neural network Furthermore these insights are reinforced through the symbolism of the colors used in the tabernacle when these colors are properly applied to the eight parts of the symbol The book incorporates mathematics and science especially the biological sciences written with plain language into the discussions of the Trinity Some of the proposed connections have never been posited elsewhere It also considers other symbols and icons of the Trinity for their ability to reflect aspects of the Triune Godhead The Trouble with the Trinity is not written for the theologian although it includes a section that presents a theological discussion of the Trinity Rather it is written for those who are curious about or confused by the Trinity For more information and to view Images About the book Appendixes and more as well as contact information please go to <https://www.thetwtt.com> You can also visit the author s Facebook page [https://www.facebook.com/TTWTTrinity/view\\_public\\_for/100820838002256](https://www.facebook.com/TTWTTrinity/view_public_for/100820838002256)

**Picturing Yiddish** Diane Wolfthal,2004-07-01 This is the first comprehensive study of the images in five profusely illustrated Yiddish books that were produced in sixteenth century Italy a manuscript of Jewish customs illustrated by its scribe and two books of customs a chivalric romance and a book of fables all printed at Christian presses in Venice and Verona The long neglected manuscript includes more than one hundred drawings here reproduced for the first time which are strikingly inventive and full of a joie de vivre that gives the lie to the lachrymose view of Jewish history This volume which explores how Yiddish imagery constructs women Jewish memory and Jewish identity will interest art historians feminist scholars Jewish Studies specialists and specialists in the history of the

Understanding Your Neighbor's Faith Philip Lazowski, 2004 Understanding Your Neighbor's Faith What Christians and Jews Should Know About Each Other was the brainchild of Rabbi Philip Lazowski of Hartford Connecticut The idea was born several years back after he invited a group of non Jewish clergymen to visit the Holy Land with him Priests ministers and some members of their congregations who wanted a better understanding of Israel and Judaism enthusiastically accepted his gesture of good will Rabbi Lazowski's unique perspective as a Holocaust survivor made him ideally poised to teach others about the historical and philosophical context of Judaism as well as its rich tradition of practice Rabbi Lazowski also learned much from his colleagues of other faith traditions This unprecedented volume gives Rabbi Lazowski and the other clergy the opportunity to explicate their religion using their own language and concepts in responding to the questions of people of goodwill outside their faith Difficult even uncomfortable questions are asked and answered No question is too simple or too complex Every chapter each by an author belonging to a different Christian faith tradition will prove as informative to the co religionist as to the outsider The concise straightforward question and answer style allows the book to be studied in full read casually or consulted for reference
