The Magic Of Our Universe Beyond The Facts:

The Magic of Our Universe Kent Davis Moberg, 1999 This fascinating journey into the anomalies pervading our universe appeals to paranormal enthusiasts scholars or anyone interested in the meaning of life **Infinite Possibility** Audrey A. Irvine, 2008-07-07 Have you had experiences with telepathy precognition or subtle energies You are not alone These and many other extraordinary abilities have been reported since the earliest days of humankind and hint at an indwelling potential we all share To broaden our understanding of these abilities Infinite Possibility compares eight different spiritual traditions and the Scientific paradigm to understand How different cultures understand the extraordinary The range of abilities seen across cultures Where in the hierarchy of consciousness extraordinary abilities occur The methods used to evoke abilities And the risks reported in undertaking the extraordinary Perhaps you are interested in what your particular tradition has contributed to our understanding of the extraordinary Or you may simply enjoy reading about the exploits of saints lamas shaman and intuitives Whatever your reason this exceptional survey of the worlds traditions is guaranteed to deepen your understanding of our infinite human potential **Cult Pop Culture** Bob Batchelor, 2011-12-07 This three volume collection of original essays examines cult pop culture the often seedy underbelly of American popular culture Cult Pop Culture How the Fringe Became Mainstream is the first collection dedicated to the quirky offbeat aspects of American popular culture that people have loved enjoyed and in some cases worshiped over the last 50 years By examining the people and subjects we hold most dear this three volume set offers deep insights into what Americans think feel and cherish Organized by subject the collection enables readers to focus on a given topic or compare different subjects across cult phenomenon Volume One of the set covers film and television topics Volume Two examines music and literature and Volume Three explores sports clubs and the cult industry Through this investigation of sublime transcendent and idiosyncratic trends readers will learn more about iconic individuals topics and subjects that form the vast underbelly of American culture By revealing how tightly interwoven cult topics are with the public s broader notion of popular culture the collection underscores the blurry line between normal and abnormal grandiose and degradation **Science and Magic in the Modern World** Eugene Subbotsky, 2018-10-04 Science and Magic in the Modern World is a unique text that explores the role of magical thinking in everyday life It provides an excellent psychological look at the subconscious belief in magic in both popular culture and society as well as experimental research that considers human consciousness as a derivative of belief in the supernatural thus showing that our feelings emotions attitudes and other psychological processes follow the laws of magic This book synthesises the science of natural phenomena and the magic of the supernatural to present an interesting look at the juxtaposition of the inner and outer selves Fusing research into psychological disorders subconscious feelings as well as the rising presence of artificial intelligence this book demonstrates how an engagement with magical thinking can enhance one s creativity and cognitive skills Science and Magic in the Modern World is an invaluable resource

for those studying consciousness as well as those looking at the effect of magical thinking on religion politics science and society

The Timeless Love of Twin Souls Janet Kay Darling, Phillip George, 2014-06 A truly amazing story which shows how love transcends all time A personal testament to the fact that love is eternal that love endures and does not die when the physical body does Love transports us through all of our journeys but we need to remember this Twin soul love is powerful and a part of every individual where each of us seeks to find what we feel to be missing But how do you know when it s found How can you be sure about love when you have forgotten how it truly feels When two people discover their twin soul love for one another not only in this lifetime but also remember it from a previous lifetime then they can guide us all Finding love understanding love as well as appreciating our true self for who we really are continues to be shrouded in the mystery of our day to day earthly existence This enduring lack of understanding only serves to perpetuate an unwarranted sense of incompleteness and loneliness deep within us which all too often gives rise to feelings of fear despair and discontent So as a consequence we experience an insatiable desire to search for a mystifying something which we somehow instinctively know we need but have little or no idea where to even begin looking Concealed within this dilemma and even more perplexing lies the concept of our eternal soul This elemental but powerful you resides unacknowledged at the core of your very being while remaining seemingly silent as you journey in search of your ultimate happiness This subject alone has occupied the minds of philosophers throughout the ages but to be aware that we have another aspect to compliment our earthly existence is as intriguing as it is confusing To appreciate that each soul is but one half of its twin gives rise to an important insight into what motivates our need to do the things that we do or to search for what we feel driven to find This remarkable story tells of two people Ron and Janet who not only found each other in this lifetime but were also together in a previous and very dramatic lifetime while being caught up in the revolutionary war which ultimately gave birth to the USA of today Through following their experiences trials traumas and triumphs plus journeys into the afterlife you will learn more about not only how they discovered themselves to be twin souls but how important this whole subject is and what it means to you In trying to figure out what compels you to do the things that you do while making the choices that you do then having an appreciation of the twin soul that you are brings an extra dimension of clarity Through coming to know yourself better then this inevitably leads to discovering your path towards your greatest happiness while attracting and expressing the love which you so dearly wish to experience along the way While reading an entertaining story you will find

yourself being drawn in to a process which poses many questions about the life that we lead as well as what makes you who you are Combining real life experience with that of a fascinating journey into a world which we have virtually no understanding of then you will be led towards a greater appreciation of the love which is so important to you
