## **The Making Of Modern Zionism The Intellectual Origins Of The Jewish State:**

**The Making of Modern Zionism** Shlomo Avineri, 2017-04-04 An expanded edition of a classic intellectual history of Zionism now covering the rise of religious Zionism since the 1970s For eighteen centuries pious Jews had prayed for the return to Jerusalem but only in the revolutionary atmosphere of nineteenth century Europe was this yearning transformed into an active political movement Zionism In *The Making of Modern Zionism* the distinguished political scientist Shlomo Avineri rejects the common view that Zionism was solely a reaction to anti-Semitism and persecution Rather he sees it as part of the universal quest for self-determination In sharply etched intellectual profiles of Zionism's major thinkers from Moses Hess to Theodore Herzl and from Vladimir Jabotinsky to David Ben-Gurion Avineri traces the evolution of this quest from its intellectual origins in the early nineteenth century to the establishment of the State of Israel In an expansive new epilogue he tracks the changes in Israeli society and politics since 1967 which have strengthened the more radical nationalist and religious trends in Zionism at the expense of its more liberal strains The result is a book that enables us to understand as perhaps never before one of the truly revolutionary ideas of our time

**The Making of Modern Zionism** Shlomo Avineri, 1984-02-01 Delineates a number of aspects of Zionist thought as expressed through the writings of selected central nineteenth and twentieth century individuals Avineri presents a history of Zionist thought through profiles of some of Zionism's major thinkers Each chapter is devoted to a specific personality and focuses on a particular topic or approach By examining the stories of these men how their ideas developed and some of their writings the reader becomes familiar with different aspects of Zionist thought

**The Cambridge History of Judaism: Volume 8, The Modern World, 1815-2000** Mitchell B. Hart, Tony Michels, 2017-09-28 The eighth and final volume of *The Cambridge History of Judaism* covers the period from roughly 1815-2000 Exploring the breadth and depth of Jewish societies and their manifold engagements with aspects of the modern world it offers overviews of modern Jewish history as well as more focused essays on political, social, economic, intellectual, and cultural developments The first part presents a series of interlocking surveys that address the history of diverse areas of Jewish settlement The second part is organized around the emancipation Here chapter themes are grouped around the challenges posed by and to this elemental feature of Jewish life in the modern period The third part adopts a thematic approach organized around the category culture with the goal of casting a wide net in terms of perspectives, concepts, and topics The final part then focuses on the twentieth century offering readers a sense of the dynamic nature of Judaism and Jewish identities and affiliations

**Reclaiming Biblical Heroines** Monika Czekanowska-Gutman, 2022-11-07 Although recently more studies have been devoted to the representations of Biblical heroines in modern European art less is known about the contribution to the portrayals of Biblical women by modern Jewish artists This monograph explores why and how

heroines of the Scripture Judith Esther and the Shulamite received a particular meaning for acculturated Jewish artists originating from the Polish lands in the last decades of the nineteenth century and the first two decades of the twentieth century It convincingly proves that artworks by Maurycy Gottlieb Wilhem Wachtel Ephraim Moses Lilien Maurycy Minkowski Samuel Hirszenberg and Boris Schatz significantly differed from renderings of contemporary non Jewish artists adopting a Jewish perspective creating complex and psychological portrayals of the heroines inspired by Jewish literature and as well as by historical and cultural phenomena of Jewish revival and the cultural Zionism movement *Between the Lines* Tikva Honig-Parnass, Toufic Haddad, 2009-05-01 A challenge to fundamentally rethink the basis of the Israeli Palestinian conflict today *The New Zionists* David L. Graizbord, 2020-05-26 Through a qualitative analysis and broad historical contextualization of personal interviews *The New Zionists* shows how American Jewish Millennials who are not religiously orthodox approach Israel and Zionism as galvanizing solutions to the thinning of American Jewish identity and re root themselves through Israeliness an unselfconscious and largely secular expression of national kinship and solidarity as well as of personal and communal purpose that American Judaism scarcely provides *The Jewish Origins of Cultural Pluralism* Daniel Greene, 2011-04-15 Daniel Greene traces the emergence of the idea of cultural pluralism to the lived experiences of a group of Jewish college students and public intellectuals including the philosopher Horace M Kallen These young Jews faced particular challenges as they sought to integrate themselves into the American academy and literary world of the early 20th century At Harvard University they founded an influential student organization known as the Menorah Association in 1906 and later the Menorah Journal which became a leading voice of Jewish public opinion in the 1920s In response to the idea that the American melting pot would erase all cultural differences the Menorah Association advocated a pluralist America that would accommodate a thriving Jewish culture while bringing Jewishness into mainstream American life *Coming Out Jewish* Jon Stratton, 2003-09-02 *Coming Out Jewish* explores the idea of Jewishness as a problem of racial ethnic identity in the modern and post modern world It is a path breaking book that firmly places the Jewish experience on the Cultural Studies agenda *Iranian Immigration to Israel* Ali L. Ezzatyar, 2022-06-01 Exploring the fascinating history behind Iranian Jewish immigration to Israel this book offers a rare and untold history of one of Israel s Middle Eastern Jewish populations Over the 20th century thousands among Iran s Jewish community left their ancestral homes and immigrated to the Jewish State while thousands of others remained in Iran even after the birth of the Islamic Republic of Iran Using firsthand narratives the evolution of Zionist activities and recruitment in Iran over the last century is covered alongside an Iranian Jewish population that unlike other Middle Eastern Jewish communities did not ultimately arrive in the Holy Land as a majority of their community For those that did arrive or make aliyah the Israeli nation building process had unique ramifications The integrative process and current status of the Iranian community in Israel is also examined providing an intimate picture of Iranian life in Israel nearly 75 years after Israel s establishment A natural addition to any collection on

Shenhav, 2006 This book is about the social history of the Arab Jews Jews living in Arab countries against the backdrop of Zionist nationalism By using the term Arab Jews rather than Mizrahim which literally means Orientals the book challenges the binary opposition between Arabs and Jews in Zionist discourse a dichotomy that renders the linking of Arabs and Jews in this way inconceivable It also situates the study of the relationships between Mizrahi Jews and Ashkenazi Jews in the context of early colonial encounters between the Arab Jews and the European Zionist emissaries prior to the establishment of the state of Israel and outside Palestine It argues that these relationships were reproduced upon the arrival of the Arab Jews to Israel The book also provides a new prism for understanding the intricate relationships between the Arab Jews and the Palestinian refugees of 1948 a link that is usually obscured or omitted by studies that are informed by Zionist historiography Finally the book uses the history of the Arab Jews to transcend the assumptions necessitated by the Zionist perspective and to open the door for a perspective that sheds new light on the basic assumptions upon which Zionism was founded
