Consciousness and a 1st Cause Christopher Alan Anderson,2012-09-19 In this article the author discusses the necessity of a 1st cause for there to be consciousness and further expands on what that 1st cause may be Author Bio Christopher Alan Anderson 1950 received the basis of his education from the University of Science and Philosophy Swannanoa Waynesboro Virginia He resides in the transcendental romantic tradition that vein of spiritual creativity of the philosopher and poet His quest has been to define and express an eternal romantic reality from which a man and a woman could together stand in their difference and create a living universe of procreative love Mr Anderson began these writings in 1971 The first writings were published in 1985 On a personal note when Mr Anderson was asked to describe the writings and what he felt their message was he responded Spiritual procreation Mankind has yet to distinguish the two sexes on the spiritual level In this failure lies the root of our problems and why we cannot yet touch the eternal together The message of man and woman balance brings each of us together in love with our eternal other half right now Keywords Man and Woman Balance Relationships Procreation Spirituality Love Metaphysics Eternal Creation Sexuality Soul *The Inmate and the Medium* Tammy De Mirza,2017-08-28 This is her journey in her own words and The Inmate and the Medium is a unique part of her life in that while Tammy was assisting in the freedom of Phil who had served more than twenty four years in prison she was also doing her own spiritual work while having all of her money stolen from a predator becoming homeless because of it not knowing how she would eat or live overcoming the world economic system learning about alchemy and sitting at the feet of the Good Shepherd while working with Phil It is an extraordinary journey and testament of discovery honesty transparency revealing the human predicament and what we all go through in order to go home to be closer to God and Oneself **The Whole Elephant Revealed** Marja de Vries,2012-05-25 The Whole Elephant Revealed offers clear insights into the existence and operation of universal laws and the golden ratio It is a synthesis based on common insights found in all wisdom traditions into the operation of universal laws on the one hand and on cutting edge scientific discoveries that are in line with those insights on the other hand These principles are called universal because they work on all levels of existence apply to everything that exist and create order and harmony in the universe Insights into the operation of the universal laws reveals a whole new worldview It helps us to understand how everything works in the universe who we really are and how we can make conscious choices that are more in line with these universal laws Above all it helps us to understand what works and what doesn't work in the long term Everything that operates in line with the universal laws follows the path of least resistance and is in harmony with the greater whole It makes us realize that while everything in the universe works in harmony with these principles many aspects of our personal life and our Western culture are not in line with the operation of these underlying principles If we choose to act in line with the operation of the universal laws it will go easier will be more in tune with who we really are and more in harmony with the greater whole This choice is hard to make though if we don't know those principles For that reason the rediscovery of the working of these principles seems to be of extreme importance

In this time of great changes and global unbalance a growing number of people begin to feel the need for a clear and well founded insight into the universal laws because this gives an understanding of what is needed to restore the balance and harmony in ourselves as well as worldwide Because the nature of these principles is universal they apply to all aspects of our individual and social life Therefore they can be used as a frame of reference for all personal and social transformations which aim at a greater harmony within ourselves and with the greater whole The 2008 - 2009 Articles Christopher Alan Anderson,2012-09-19 This writing comprises thirty six articles the author wrote primarily during the years 2008 2009 The exception being the first article which was written in 2005 These articles are written on a number of different topics for the purpose of enlightening and enlarging the theme of Man and Woman Balance as a metaphysical construct Can we now define love Might we begin with the terms Father and Mother Or how about Husband and Wife Procreant balance the Omnific term and a child son or daughter is born Spiritual procreation the Omnific term operating everywhere at all times reflecting back to us the love the resides in our hearts Two forces male and female equal and opposite dividing and uniting procreating all the love that exists right now I Will Lift Up Mine Eyes The 2008 2009 Articles Author Bio Christopher Alan Anderson 1950 received the basis of his education from the University of Science and Philosophy Swannanoa Waynesboro Virginia He resides in the transcendental romantic tradition that vein of spiritual creativity of the philosopher and poet His quest has been to define and express an eternal romantic reality from which a man and a woman could together stand in their difference and create a living universe of procreative love Mr Anderson began these writings in 1971 The first writings were published in 1985 On a personal note when Mr Anderson was asked to describe the writings and what he felt their message was he responded Spiritual procreation Mankind has yet to distinguish the two sexes on the spiritual level In this failure lies the root of our problems and why we cannot yet touch the eternal together The message of man and woman balance brings each of us together in love with our eternal other half right now keywords Man And Woman Balance Relationship Love Illumination Metaphysical Construct Center Life Procreation The Song My Soul Remembers HJW Publications,2003 **A**
