The Many Faces of Religion and Society M. Darrol Bryant, Rita H. Mataragnon, 1985 The Many Faces of Early Modern Italian Jewry Martin Borýsek, Davide Liberatoscioli, 2024-07-22 The Jewish population of early modern Italy was characterised by its inner diversity which found its expression in the coexistence of various linguistic cultural and liturgical traditions as well as social and economic patterns The contributions in this volume aim to explore crucial questions concerning the self perception and identity of early modern Italian Jews from new perspectives and angles **The Unification Church in America** Michael L. Mickler, 1987 **The Many Faces of Credulitas** Stefania Tutino, 2022 The Many Faces of Credulitas is about the relationship between belief credibility and credulity It argues that due to a series of different historical factors credibility assumed a central role in post Reformation Catholicism This led to an important reconsideration of the relationship between natural reason and supernatural grace and consequently to novel and significant tensions This book seeks to elucidate some of the difficulties anxieties and tensions caused by the new insistence on credibility that came to dominate the theological and intellectual landscape of the early modern Catholic Church Books in Series, 1876-1949 R.R. Bowker Company, 1982 **Contemporary Esotericism** Egil Asprem, Kennet Granholm, 2014-09-11 The study of contemporary esoteric discourse has hitherto been a largely neglected part of the new academic field of Western esotericism Contemporary Esotericism provides a broad overview and assessment of the complex world of Western esoteric thought today Combining historiographical analysis with theories and methodologies from the social sciences the volume explores new problems and offers new possibilities for the study of esoterica Contemporary Esotericism studies the period since the 1950s but focuses on the last two decades The wide range of essays are divided into four thematic sections the intricacies of esoteric appeals to tradition the role of popular culture modern communication technologies and new media in contemporary esotericism the impact and influence of esotericism on both religious and secular arenas and the recent de marginalization of the esoteric in both scholarship and society **The Changing Face of Religion and Human Rights** Clemens Nathan, 2009-06-02 Clemens N Nathan has devoted a lifetime to the pursuit of Human Rights to understanding and reflecting upon the concept of Human Rights to participating in and sometimes helping to create organisations and mechanisms for the protection and promotion of Human Rights to helping those who have been denied their Human Rights and to encouraging and supporting research into and scholarship on Human Rights All this has been achieved by a man who has had no formal training in the field but who has become a recognised expert through his extensive reading through working with leading exponents and by drawing upon his lively intellect his wealth of culture and his knowledge of history philosophy and religions This volume published under the auspices of the Raoul Wallenberg Institute of Human Rights and Humanitarian Law offers insight into the challenging relationship between religion and human rights The Unification Church: Outreach Michael L. Mickler, 1990 Choice , 1986 **Ukraine's Many Faces** Olena Palko, Manuel Férez

Gil,2023-07-06 Russia's large scale invasion on the 24th of February 2022 once again made Ukraine the focus of world media. Behind those headlines remain the complex developments in Ukraine's history, national identity, culture, and society. Addressing readers from diverse backgrounds, this volume approaches the history of Ukraine and its people through primary sources from the early modern period to the present. Each document is followed by an essay written by an expert on the period and a conversational piece touching on the ongoing Russian aggression against Ukraine. In this ground-breaking collection, Ukraine's history is sensitively accounted for by scholars inviting the readers to revisit the country's history and culture. With a foreword by Olesya Khromeychuk. *The city of God: a series of discussions in religion* Andrew Martin Fairbairn,1883 *Humanities*,1999 Religion in a New Key M. Subject Guide to Books in Print,1991 **The City of God. A Series of Discussions in Religion** Andrew Martin Fairbairn,2025-09-20 Reprint of the original first published in 1883. The Antigonos publishing house specialises in the publication of reprints of historical books. We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage. Mapping the Academic Debate Johannes Duschka,Christoph Kleine,Monika Wohlrab-Sahr,Florian Zemmin,2024-12-16 This volume maps the international academic debate on secularity. It places seminal contributions from within Western academia alongside less well-known texts from various parts of the world. In several cases, this is the first time that they have been translated into English. The volume demonstrates that the academic debate on secularity was and is a global debate with contributions from many regions. The collected texts relate to each other either directly or indirectly by referring to similar arguments, whether reinforcing or criticising them, and thus create a discourse. When speaking of global secularity, we therefore do not insinuate a uniform world secularity resulting from the alleged global diffusion of Western norms, ideas, and concepts. It is rather a web of relations that is constituted via various different references. These references are not evenly distributed; the development in the West is often the point of reference to which positions from other regions relate, to which they connect, or from which they distance themselves. But the references are not completely unidirectional. We also present texts from Europe that underline the multidirectionality of the process, even early on. Thereby, the volume offers the reader the material with which to trace these global exchanges and references.

Introducing Hinduism Hillary P. Rodrigues,2023-01-06 *Introducing Hinduism* 2nd Edition is the ideal sourcebook for those seeking a comprehensive overview of the Hindu tradition. This second edition includes substantial treatments of Tantra, South India, and women, as well as expanded discussions of yoga, Vedanta, and contemporary configurations of Hinduism in the West. Its lively presentation features case studies, photographs, and scenarios that invite the reader into the lived world of Hinduism. Introductory summaries, key points, discussion questions, and recommended reading lists at the end of each chapter, narrative summaries of the great epics, and other renowned Hindu myths and lucid explanations of complex Indian philosophical teachings, including Sankhya and Kashmiri Saivism, and a glossary, timeline, and

pronunciation guide for an enhanced learning experience This volume is an invaluable resource for students in need of an introduction to the key tenets and diverse practice of Hinduism past and present **Journal of Education Culture and Society 2013_2** ,2013-09-02 Index to Book Reviews in Religion ,1989 The Political Portrait Luciano Cheles,Alessandro Giacone,2020-06-10 The leader s portrait produced in a variety of media statues coins billboards posters stamps is a key instrument of propaganda in totalitarian regimes but increasingly also dominates political communication in democratic countries as a result of the personalization and spectacularization of campaigning Written by an international group of contributors this volume focuses on the last one hundred years covering a wide range of countries around the globe and dealing with dictatorial regimes and democratic systems alike As well as discussing the effigies that are produced by the powers that be for propaganda purposes it looks at the uses of portraiture by antagonistic groups or movements as forms of resistance derision denunciation and demonization This volume will be of interest to researchers in visual studies art history media studies cultural studies politics and contemporary history
