Danzig, Kathryn M. Borman, Bruce A. Jones, William F. Wright, 2017-09-25 Many new approaches to school improvement are being proposed in the current climate of assessment and school accountability This book explores one of these approaches a new model of leadership training known as Learner Centered Leadership LCL It is built around the fundamental idea that learning and learning communities are natural processes that when properly harnessed can lead to the highest levels of professional engagement and problem solving Key features of this exciting new approach to school leadership include the following Broad based and Generative The book's narratives vividly illustrate the extraordinary ability of LCL to generate new approaches to leadership development For example encouraging and assisting school leaders to reflect on their own leadership attributes relative to the implementation of the school mission to ensure high teacher efficacy and student learning In this respect the volume contributes significantly to the field of school leadership and professional development by extending above and beyond a narrow focus on instructional leadership Practice Oriented By creating communities that encourage conversation and analysis the new data driven models of school improvement are more likely to be successfully implemented Without analytical discourse the process of interpreting school data and transforming it into practice would be largely lost Conceptually Appropriate The realization that everyone within a school students teachers administrators belongs to the same learning community minimizes status differences and encourages teamwork The LCL administrator is much less likely to be authoritarian and power oriented and much more likely to be transformative and student outcome focused This book is appropriate for master's

level courses and certification seminars and for inservice workshops dealing with school leadership      From Difficult Teachers . . . to Dynamic Teams Barbara L. Brock, Marilyn L. Grady, 2009-05-13 This book reflects a true understanding of the different personalities administrators face and clearly outlines what each leader can do to establish a positive environment for their employees and students This is one book no administrator should be without Patricia Bowman Retired Principal Los Angeles Unified School District Adjunct Professor University of California Los Angeles Proven solutions for toxic behaviors Unconstructive staff behaviors can disrupt a thriving school environment School leaders need positive generative communication strategies that can defuse negativity and inspire teachers to change their behavior and become contributing members of the learning community From Difficult Teachers to Dynamic Teamwork examines the underlying basis of problematic behaviors and provides proactive proven strategies for building teamwork and a positive school culture Leaders will discover strategies for enhancing their interpersonal skills determining if their own behavior is contributing to the problem and encouraging behavior change in teachers and staff Based on interviews with more than 50 experienced principals this valuable resource connects content to practice via Key tools practical resources organizational charts and behavior assessment forms Sage advice and quotations from experienced educators Sample dialogues to help identify behavior challenges Take Action sections for specific implementation strategies Maximize the effectiveness of your staff by building a culture of shared leadership collegiality and teamwork      Strategic Management of Human Capital in Education Allan R. Odden, 2011-03-01 Strategic Management of Human Capital in Education offers a comprehensive and strategic approach to address what has become labeled as talent and human capital Grounded in extensive research and examples of leading edge districts this book shows how the entire human resource system in schools from recruitment to selection placement induction professional development performance management and evaluation compensation and career progression can be reformed and restructured to boost teacher and principal effectiveness in ways that dramatically improve instructional practice and student learning Strategic Management of Human Capital in Education guides educators towards putting more effective teachers teacher leaders and principals in the country's schools especially in poverty impacted urban and rural communities equipping those teacher and principals with instructional and leadership expertise and rewarding and retaining those who are successful in attaining these objectives Drawing from cases experiences and deliberations from a national task force this book outlines a comprehensive framework for how to transform current human resource management practices into authentic strategic talent management systems in order to improve student achievement      K-12 Case Studies for School Administrators Marcia Norton, Paula E. Lester, 2017-09-29 Case studies enable aspiring administrators to refine their reaction skills as well as their critical thinking skills by responding to a multitude of problems in a short time Originally published in 1998 the case studies in this book provide a broad based overview of the kinds of real problems that schools were facing at the time The problems administrators face on a daily basis vary in scope and complexity Short cases provide

opportunities to address analyse and resolve problems encountered in the real working environment Students must actively engage in a process of inquiry and problem solving This book can be used over several years according to the case studies selected for class use This is a multicourse multiyear action case study text     *The New School Management by Wandering Around* William A.
