Theatre and Testimony in Shakespeare's England Holger Schott Syme, 2011-12-01 Holger Syme presents a radically new explanation for the theatre s importance in Shakespeare s time He portrays early modern England as a culture of mediation dominated by transactions in which one person stood in for another giving voice to absent speakers or bringing past events to life No art form related more immediately to this culture than the theatre Arguing against the influential view that the period underwent a crisis of representation Syme draws upon extensive archival research in the fields of law demonology historiography and science to trace a pervasive conviction that testimony and report delivered by properly authorised figures provided access to truth Through detailed close readings of plays by Ben Jonson and William Shakespeare in particular Volpone Richard II and The Winter s Tale and analyses of criminal trial procedures the book

constructs a revisionist account of the nature of representation on the early modern stage **George Gershwin** Howard Pollack, 2007-01-15 This comprehensive biography of George Gershwin 1898 1937 unravels the myths surrounding one of America's most celebrated composers and establishes the enduring value of his music Gershwin created some of the most beloved music of the twentieth century and along with Jerome Kern Irving Berlin and Cole Porter helped make the golden age of Broadway golden Howard Pollack draws from a wealth of sketches manuscripts letters interviews books articles recordings films and other materials including a large cache of Gershwin scores discovered in a Warner Brothers warehouse in 1982 to create an expansive chronicle of Gershwin's meteoric rise to fame He also traces Gershwin's powerful presence that even today extends from Broadway jazz clubs and film scores to symphony halls and opera houses Pollack's lively narrative describes Gershwin's family childhood and education his early career as a pianist his friendships and romantic life his relation to various musical trends his writings on music his working methods and his tragic death at the age of 38 Unlike Kern Berlin and Porter who mostly worked within the confines of Broadway and Hollywood Gershwin actively sought to cross the boundaries between high and low and wrote works that crossed over into a realm where art music jazz and Broadway met and merged The author surveys Gershwin's entire oeuvre from his first surviving compositions to the melodies that his brother and principal collaborator Ira Gershwin lyricized after his death Pollack concludes with an exploration of the performances and critical reception of Gershwin's music over the years from his time to ours **The Uncollected Letters**

The English Renaissance Stage Henry S. Turner, 2006-02-23 Drawing on entirely new evidence The English Renaissance Stage Geometry Poetics and the Practical Spatial Arts 1580 1630 examines the history of English dramatic form and its relationship to the mathematics technology and early scientific thought during the Renaissance period The book demonstrates how practical modes of thinking that were typical of the sixteenth century resulted in new genres of plays and a new vocabulary for problems of poetic representation In the epistemological moment the book recovers we find new ideas about form and language that would become central to Renaissance literary discourse in this same moment too we find new ways of thinking about the relationship between theory and practice that are typical of modernity new attitudes towards spatial representation and a new interest in both poetics and mathematics as distinctive ways of producing knowledge about the world By emphasizing the importance of theatrical performance the book engages with continuing debates over the cultural function of the early modern stage and with scholarship on the status of modern authorship When we consider playwrights in relation to the theatre rather than the printed book they appear less as authors than as figures whose social position and epistemological presuppositions were very similar to the craftsmen surveyors and engineers who began to

flourish during the sixteenth century and whose mathematical knowledge made them increasingly sought after by men of wealth and power The Athenaeum James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1876 Women's Letters Lisa Grunwald, Stephen J. Adler, 2009-01-21 Historical events of the last three centuries come alive through these women's singular correspondences often their only form of public expression In 1775 Rachel Revere tries to send financial aid to her husband Paul in a note that is confiscated by the British First Lady Dolley Madison tells her sister about rescuing George Washington's portrait during the War of 1812 one week after JFK's assassination Jacqueline Kennedy pens a heartfelt letter to Nikita Khrushchev and on September 12 2001 a schoolgirl writes a note of thanks to a New York City firefighter asking him Were you afraid The letters gathered here also offer fresh insight into the personal milestones in women's lives Here is a mid nineteenth century missionary describing a mastectomy performed without anesthesia Marilyn Monroe asking her doctor to spare her ovaries in a handwritten note she taped to her stomach before appendix surgery an eighteen year old telling her mother about her decision to have an abortion the year after Roe v Wade and a woman writing to her parents and in laws about adopting a Chinese baby With more than 400 letters and over 100 stunning photographs Women's Letters is a work of astonishing breadth and scope and a remarkable testament to the women who lived and made history From the Hardcover edition **Bulletin of Bibliography and Dramatic Index**, 1912 **Translating Ancient Greek Drama in Early Modern Europe** Malika Bastin-Hammou, Giovanna Di Martino, Cécile Dudouyt, Lucy C. M. M. Jackson, 2023-05-22 The volume brings together contributions on 15th and 16th century translation throughout Europe in particular Italy France Spain Portugal Germany and England Whilst studies of the reception of ancient Greek drama in this period have generally focused on one national tradition this book widens the geographical and linguistic scope so as to approach it as a European phenomenon Latin translations are particularly emblematic of this broader scope translators from all over Europe latinised Greek drama and as they did so developed networks of translators and practices of translation that could transcend national borders The chapters collected here demonstrate that translation theory and practice did not develop in national isolation but were part of a larger European phenomenon nourished by common references to Biblical and Greco Roman antiquities and honed by common religious and scholarly controversies In addition to situating these texts in the wider context of the reception of Greek drama in the early modern period this volume opens avenues for theoretical debate about translation practices and discourses on translation and on how they map on to twenty first century terminology The Athenaeum, 1852 **Unpublished Shaw** Bernard Shaw, Dan H. Laurence, 1996 SHAW 16 contains twenty nine unpublished pieces by Shaw written between 1877 and 1950 The most significant is a ten page draft synopsis of Man and Superman the original manuscript draft of the play has been lost in a contemplated five act version providing scholars with a hitherto unavailable ur text Equally important for the

biographical and artistic insights they offer are the early literary efforts found in Shaw's first opus notebook including an extended narrative verse fragment of 1877 set in Dublin a polemic his first on oakum picking and prison conditions a criticism of organists and orchestral conductors and an attempted evaluation of contemporary arts and letters in 1878 We find Shaw through the persona of a female narrator creating in his own image a fictional memoir of the young Hector Berlioz offering an ironic vindication of housebreakers in anticipation of Heartbreak House exploring the seamy side of the prizefight ring examining exhausted genres of Victorian art in 1880 defining the true signification of the term Gentleman lecturing on Socialism and the family and on realism as the goal of fiction and penetratingly considering the future of marriage in a rejected book review one of four included in the volume The dimensions of Shaw's political views may be examined through nearly a dozen commentaries on politics and on war and peace ranging from the Boer War an 1899 draft letter to the press Why Not Abolish the Soldier and 1903 municipal elections to U S Liberty Loans the Italo Abyssinian War how to talk intelligently about the Second World War and the implications of the hydrogen bomb in the nuclear age For good measure the volume concludes with two brief playlets previously unrecorded The editors have arranged these pieces individually or grouped by theme and genre as near to chronological order as possible and the reader is brought closer to the original manuscripts by the retention of Shaw's stylistic and spelling inconsistencies and by transliteration of the shorthand notations he frequently inserted between lines or in the margins Each text is supplemented by an editorial note providing its provenance and a detailed physical description of the manuscript
