The Mark To Turn A Reading Of William Staffords Poetry:

The Mark to Turn Jonathan Holden,1974 A Study Guide for William Stafford's "At the Bomb Testing Site" Gale, Cengage Learning,2016 A Study Guide for William Stafford s At the Bomb Testing Site excerpted from Gale s acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs **On William Stafford** Tom Andrews,1995-03 Contemporary writers and critics trace the achievement of William Stafford and his influence on contemporary poetry *A Great Plains Reader* Diane Dufva Quantic,P. Jane Hafen,2003-01-01 The Great Plains are as rich and integral a part of American literature as they are of the North American landscape In this volume the stories poems and essays that have defined the region evoke the world of the American prairie from the days of Native history to the realities of life on a present day reservation **The Mark to Turn** Jonathan Holden,1976 *The Oxford Companion to Modern Poetry in English* Jeremy Noel-Tod,Ian Hamilton,2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone with an interest in poetry *Acts of Mind* Richard Jackson,1984-05-30 There have been any number of books of interviews with contemporary writers but none precisely like this one The author editor has somehow managed to get these very different poets to follow his lead and in many cases for the first time anywhere to reveal much about their intellectual habits assumptions and preconceptions In almost every case he has been able to get these poets to talk more openly and freely than anyone else has ever done George Garrett A Literary History of the American West Western Literature Association (U.S.),1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance Dictionary of Midwestern Literature, Volume Two Philip A. Greasley,2016-08-08 The Midwest has produced a robust literary heritage Its authors have won half of the nation s Nobel Prizes for Literature plus a significant number of Pulitzer Prizes This volume explores the rich racial ethnic and cultural diversity of the region It also contains entries on 35 pivotal Midwestern literary works literary genres literary cultural historical and social movements state and city literatures literary journals and magazines as well as entries on science fiction film comic strips graphic novels and environmental writing Prepared by a team of scholars this second volume of the Dictionary of Midwestern Literature is a comprehensive resource that demonstrates the Midwest s continuing cultural vitality and the stature and distinctiveness of its literature **The Pacific Northwest** Raymond D. Gastil,Barnett

Singer,2010-04-23 The Pacific Northwest for the purposes of this book mostly Oregon and Washington has sometimes been seen as lacking significant cultural history Home to idyllic environmental wonders the region has been plagued by the notion that the best and brightest often left in search of greater things that the mainstream world was thousands of miles away or at least as far south as California This book describes the Pacific Northwest s search for a regional identity from the first Indian European contacts through the late twentieth century identifying those individuals and groups who at least struggled to give meaning to the Northwest experience It places particular emphasis on writers and other celebrated individuals in the arts detailing how their lives and works both reflected the region and also enhanced its sense of self **Catalog of Copyright**
