The Giraffe Early Birds:

The Black and White Club Alice Hemming,2019-08-01 At Wildlife Park the penguins have started up a new club but only black and white animals are invited Feeling left out George the giraffe comes up with his own plan This story about including everyone uses charming illustrations and carefully leveled text to help young children learn to read **Life of Pi** Yann Martel,2001 Sixteen year old Pi Patel is stranded in a lifeboat on the Pacific Ocean with only a 450 pound Bengal tiger for company and must learn to survive both tiger and ocean **Chickenshit** Tom Garber,2022-08-16 In a collection of imaginative short stories the Wise Old Chicken pops into the lives of humans and all his friends in the wild to save the day or simply witness unfortunate incidents Facing a variety of perplexing sometimes annoying situations involving diverse characters the old bird must assess whether to intervene or dispense his worldly advice From carnivorous giraffes and high speed racing crabs to hostile cicadas and deadly cucumbers the Wise Old Chicken s hands are kept full trying to make the world a better place for all Chickenshit is an entertaining volume of outlandish short tales that reveal the exploits of a quirky and cantankerous old rooster *The Saturday Evening Post* ,1928 **Early Bird** William Geoffrey Moore,1963

Giraffes Barbara Keevil Parker,2005-01-01 Discusses giraffes including their eating habits communication physical traits and relations with people **Stick Your Neck Out** John Graham,2005-05-15 An accessible comprehensive handbook to achieving change in any environment featuring time tested methods and practical tips from real activists As President of the Giraffe Heroes Project which since 1982 has been recognizing people who stick their necks out for the common good John Graham has seen what hundreds of average citizens around the world have done to bring about constructive change He s drawn on their experiences his own as a veteran environmental activist and that of a hand picked group of seasoned activists to produce an accessible eminently practical inspiring guide on how to work effectively for change in any environment Stick Your Neck Out covers every aspect of working for change from choosing an issue to mapping out a strategy getting a team together building alliances working with the media and more Each chapter contains a series of practical tips as well as inspiring examples of real people artists truck drivers doctors waitresses and others who have made a difference on issues like poverty racism gang violence environmental pollution and many more Everything in this book has been honed and practiced nothing is untested theory This is a comprehensive guide to the skills qualities and strategies you need to make a difference on any issue But it s also about becoming fully alive about the meaning and passion you can add to your own life by getting involved Active citizenship and personal growth are linked The information in this book can change your world and it can change your life **Life of Pi - CANCELED** Yann Martel,2003-05-01 The son of a zookeeper Pi Patel has an encyclopedic knowledge of animal behavior and a fervent love of stories When Pi is sixteen his family emigrates from India to North America aboard a Japanese cargo ship along with their zoo animals bound for new homes The ship sinks Pi finds himself alone in a lifeboat his only companions a hyena an orangutan a wounded zebra and Richard Parker a 450 pound

Bengal tiger Soon the tiger has dispatched all but Pi whose fear knowledge and cunning allow him to coexist with Richard Parker for 227 days while lost at sea When they finally reach the coast of Mexico Richard Parker flees to the jungle never to be seen again The Japanese authorities who interrogate Pi refuse to believe his story and press him to tell them the truth After hours of coercion Pi tells a second story a story much less fantastical much more conventional but is it more true

The Railroad Telegrapher ,1907 **Sex and the River Styx** Edward Hoagland,2011-02-18 Called the best essayist of his time by luminaries like Philip Roth John Updike and Edward Abbey Edward Hoagland brings readers his ultimate collection In Sex and the River Styx the author s sharp eye and intense curiosity shine through in essays that span his childhood exploring the woods in his rural Connecticut his days as a circus worker and his travels the world over in his later years Here we meet Hoagland at his best traveling to Kampala Uganda to meet a family he d been helping support only to find a divide far greater than he could have ever imagined reflecting on aging love and sex in a deeply personal often surprising way and bringing us the wonder of wild places alongside the disparity of losing them and always with a twist that brings the genre of nature writing to vastly new heights His keen dissection of social realities and the human spirit will both startle and lure readers as they meet African matriarchs Tibetan yak herders circus aerialists and the strippers who entertained college boys in 1950s Boston Says Howard Frank Moshier in his foreword the self described rhapsodist could fairly be considered our last great transcendentalist
