Wilson, 2007-09-15 Uses Derrida to read the Gospels of Mark

Theology and Technique Jacques Ellul, 2024-02-21 Theology and Technique is a posthumous incomplete volume drafted in the 1970s that nevertheless constitutes a significant addition to the Ellul corpus Working from Jacques Ellul s original outline a collaborative team including three of Ellul s children a grandson and Ellul scholars has assembled previous partial publications that Ellul himself approved for eventual incorporation along with relevant unpublished essays and notes into a book which throws the relationship between Ellul s radical theology and sociological critique into fresh perspective Frederic Rognon contributes an especially insightful general introduction The translation by Christian Roy is a model of rendering the complexities of the French original into English This latest Ellul publication will be essential to any serious attempt to appreciate the scope and depth of Ellul s Christian engagement with the challenges of the contemporary world **Return of the Believer** Terry L. Burden, 2023-06-05 Return of the Believer Studies in the Prayer of Jesus from the Gospel of John is a theological study of the Prayer of Jesus specifically the Gospel of John in general and relevant topics in the Synoptic Gospel The Prayer of Jesus contains twenty six verses with each verse prompting broader applications for the Christian faith The main title Return of the Believer implies an original express of faith in Jesus Christ by John the writer of the Gospel The study accepts an apologetic value to the Gospel of John as it argues the importance of true faith through the acceptance of John s interpretation of Jesus Christ The Prayer of Jesus is a summary of John s views of Jesus The return of the believer is a call for a renewal of faith in the New Testament especially the Gospel of John This study reveals the Apostle John as the true believer and model for the Christian faith and the Prayer of Jesus provides a summary of John s teachings and the expressed will of God for the Church Each verse is explained in the context of its surrounding verses and important topics are addressed The special feature of the Prayer is its prompting of related issues that appear elsewhere in the New Testament and the teachings of the Church For example the Prayer and the Gospel itself does not mention the birth of Jesus but instead focuses on the pre

existence of the Son as the eternal Logos or God This study requires an explanation of the difference Discussions of each verse invite the reader to engage in contemporary related issues **Virtual Communion** Katherine G. Schmidt,2020-05-22 Virtual Communion Theology of the Internet and the Catholic Sacramental Imagination provides a theological account of the internet from a Catholic perspective It engages digital culture by providing a context for media and mediation within the Catholic tradition specifically focusing on the ecclesiology and sacramentality of the church Katherine G Schmidt argues that the Catholic imagination is inherently consonant with the idea of the virtual understood as the creative space between presence and absence bringing the fields of media studies internet studies sociology history and theology together in order to give a theological account of the social realities of American Catholicism in light of digital culture Overall Schmidt argues that the social possibilities of the internet afford the church great opportunity for building a social context that allows the living out of Eucharistic logic learned in properly liturgical moments **Journal** Michigan. Legislature. House of Representatives,1929 Includes extra sessions The Generations of Heaven and Earth Jon Garvey,2020-01-21 New science has surprised many by showing contrary to received wisdom that a real Adam and Eve could have lived amongst other humans in historical times and yet be the ancestors of every living person as traditional Christianity has always taught This theory was first published in book form in 2019 but Jon Garvey familiar with it from its early days believes it helps confirm the Christian account of reality by giving it a solid foundation in science and history In this book he argues that the long existence of other people before and alongside Adam was in all likelihood known to the Bible s original authors This conclusion helps build a compelling biblical big story of a new kind of created order initially frustrated by Adam s failure but finally accomplished in Christ This new creation theme complements that of the old creation covered in his first book God s Good Earth The two together contribute to a unified and fully orthodox understanding of the overall message of the Bible
