The Gold-Bug (Annotated) Edgar Allan Poe,2021-07-22 Set on Sullivan s Island South Carolina the plot follows William Legrand who was recently bitten by a gold colored bug His servant Jupiter fears Legrand is going insane and goes to Legrand s friend an unnamed narrator who agrees to visit his old friend Legrand pulls the other two into an adventure after deciphering a secret message that will lead to a buried treasure The Gold-Bug Edgar Allan Poe,2020-02-21 MANY years ago I contracted an intimacy with a Mr William Legrand He was of an ancient Huguenot family and had once been wealthy but a series of misfortunes had reduced him to want To avoid the mortification consequent upon his disasters he left New Orleans the city of his forefathers and took up his residence at Sullivan s Island near Charleston South Carolina This Island is a very singular one It consists of little else than the sea sand and is about three miles long Its breadth at no point exceeds a quarter of a mile It is separated from the main land by a scarcely perceptible creek oozing its way through a wilderness of reeds and slime a favorite resort of the marsh hen The vegetation as might be supposed is scant or at least dwarfish No trees of any magnitude are to be seen Near the western extremity where Fort Moultrie stands and where are some miserable frame buildings tenanted during summer by the fugitives from Charleston dust and fever may be found indeed the bristly palmetto but the whole island with the exception of this western point and a line of hard white beach on the seacoast is covered with a dense undergrowth of the sweet myrtle so much prized by the horticulturists of England The shrub here often attains the height of fifteen or twenty feet and forms an almost impenetrable coppice burthening the air with its fragrance
