Edward Bruce Bynum

The Invisible Hand On My Shoulder:

The Invisible Hand on My Shoulder C. D. Harris, 1983 *Angels, Cleopatra and Psychosis* Michael Blackpegle, 2011-06-01 Description This book tells the story of my battles within the mental health system over the last fourteen years I have from a psychiatrist's perspective variously been diagnosed as hypomanic schizophrenic manic depressive and as having schizoaffective disorder and in that order But from my point of view and as an ex-journalist I decided to investigate the mental health system from the inside out I have simply been on an extraordinary spiritual journey meeting the spirits of Michelangelo and Leonardo da Vinci meeting a spiritually persecuting Cardinal of the Roman Catholic Church meeting the ancient queen Cleopatra herself meeting the devilish spirit of Dr Josef Goebbels before penultimately having sex with the female angel Jana and finally meeting the fallen angel Lucifer himself The book recounts the story of all the above whilst also ending with a discussion and critique of contemporary psychiatry I do not believe myself to have been mentally ill I believe myself to be a visionary About the Author Michael Black was born in 1962 and *Angels Cleopatra And Psychosis* describes his life and spiritual experiences within the British mental health system over the past fifteen years The book stands up for the legitimacy of so-called psychotic experience and questions the validity of the received medical model Michael grew up in Cheshire where he attended Wilmslow Grammar School before doing an English and History degree at York University He then completed a doctorate in anti-apartheid literature at Cambridge University whilst variously working as a journalist and theatre producer Michael is the author of one novel *Crossing Out The Emperor* and six stage plays He has received three Arts Council Playwrights Bursaries and is currently working on a new novel and two film scripts The publication of *Angels Cleopatra And Psychosis* is supported by Macclesfield Mind *The Dreamlife of Families* Edward Bruce Bynum, 2017-07-11 How our unconscious minds connect with our families through dreams Shows how the connected dreamlife of families reveals itself in nightmares and unusual dreams during critical times such as pregnancy conflicts and medical emergencies and in shared telepathic and precognitive dreams Explains how dreamwork can help heal our psychospiritual selves and aid in both family and couples therapy Examines ancient dream traditions from Africa Europe Asia South America Australia and the ancient Egyptian Mystery Schools Our dreams the most intimate part of us form the truest expressions of our feelings and emotional beliefs about the world Our dreams also reflect the complex connections of our unconscious minds with those of our families and close friends connecting us through our dreams to loved ones near and far living and passed on Integrating traditional dream analysis with family psychology clinical science and parapsychology Edward Bruce Bynum Ph D ABPP details how our personal unconscious is interwoven into our larger family unconscious He shows how these dreamlife connections and patterns are as old as humanity itself exploring ancient dream traditions from around the world He explains how the dreamlife of a family can be viewed as a shared field or hologram where each family member is enfolded into the dreams of the other members This shared reality reveals itself in family and personal illnesses in

nightmares and unusual dreams and during critical times such as crisis pregnancy conflicts and medical emergencies It also reveals itself in cases of simultaneous shared dreams and telepathic and precognitive dreams explaining why so many people have dreams in which a family member appears to say good bye waking the next day to discover the same loved one has passed away Sharing clinical case studies from his Family Dream Research Project the author shows how the intimate labyrinth of our dream lives is always flowing beneath the surface of our waking lives shaping and influencing our relationships and our deep core experiences He reveals how dreams can be healing factors as well as diagnostic signals detailing how dreamwork can aid in both family and couples therapy Showing how our family's dreamlife connects us to our ancestors and weaves us into the messages we send to our children's children the author offers an opportunity to identify personal and family patterns heal our psychospiritual selves and grow our understanding of our own minds *Divine Justice* Ashok Sharda, 2018-12-21 In *Divine Justice* the author has ventured to see and evaluate justice system in the frame work of the laws beyond space and time His seeing transcends all written laws scribed or statute applicable to various regions in different times and presents a scene in which human looks absolutely hapless defending a trial initiated against him with a predetermined judgment The hero arrested and detained struggles to find his way out of the process of law in his endeavour to find acquittal He can sense the long tentacles of the law reaching for him His interactions with various jail inmates followed by a counsellor show him no way that will enlighten his path for a permanent acquittal Eventually he finds a possibility of a way to jump the invisible high walls of the infinite jail from a mysterious character known as invisible man But it's too late by now because his day of judgment has arrived He is fated to die like a dog a fate no different than K's the hero of Kafka's *Trial* A the ill fated hero questions the very invincibility of the law the choice less ness in each happening or unhappening that affects his life Desperate he cries out at one point how can I break a law when the laws allows me no cushioning to break any law when law determines where I am and what I am doing at any given point of time when desires commanded by laws rises from the pit of my core and commands me when my hands are not my hands my legs are not my legs Why should I be punished for a happening when I had no conscious choice in this happening At some other place he argues it's hard to accept the laws of the jail once you become aware of the horror of your situation in the wake of the realization you are in jail Authors is conscious of individualistic approach to issues confronting the mankind He speaks out in no uncertain words through the mouth of yet another co accused I know I spoke profanity In the kind of turmoil I am do you think I really care Two hoots for this creation **The Last Bookstore** N. Victoria Kennedy, 2018-12-11 In a world where technology is the dominating force Mark Thomas and his best friend Jacob Teal take matters into their own hands by attempting to eliminate technology for good However when a dead woman is found hanging from Mark's rooftop Mark realizes that technology is far worse than he and Jacob had thought It has the ability to brainwash those who read stories from a screen to become the characters that they've read about Will Mother Nature be the solution to the technological
