AN ECONOMIC ROMANCE

RUSSELL ROBERTS

The Invisible Heart An Economic Romance

Harry D. Schultz

The Invisible Heart An Economic Romance:

The Invisible Heart Russell Roberts, 2002-02-22 A lively unorthodox look at economics business and public policy told in the form of a novel A love story that embraces the business and economic issues of the day The Invisible Heart takes a provocative look at business economics and regulation through the eyes of Sam Gordon and Laura Silver teachers at the exclusive Edwards School in Washington D C Sam lives and breathes capitalism He thinks that most government regulation is unnecessary or even harmful He believes that success in business is a virtue He believes that our humanity flourishes under economic freedom Laura prefers Wordsworth to the Wall Street Journal Where Sam sees victors she sees victims She wants the government to protect consumers and workers from the excesses of Sam's beloved marketplace While Sam and Laura argue about how to make the world a better place a parallel story unfolds across town Erica Baldwin the crusading head of a government watchdog agency tries to bring Charles Krauss a ruthless CEO to justice How are these two dramas connected Why is Sam under threat of dismissal Will Erica Baldwin find the evidence she needs Can Laura love a man with an Adam Smith poster on his wall The answers in The Invisible Heart give the reader a richer appreciation for how business and the marketplace transform our lives *International Handbook on Teaching and Learning Economics* Gail Mitchell Hoyt, KimMarie McGoldrick, 2012 The International Handbook on Teaching and Learning Economics is a power packed resource for anyone interested in investing time into the effective improvement of their personal teaching methods and for those who desire to teach students how to think like an economist It sets guidelines for the successful integration of economics into a wide variety of traditional and non traditional settings in college and graduate courses with some attention paid to primary and secondary classrooms The International Handbook on Teaching and Learning Economics is highly recommended for all economics instructors and individuals supporting economic education in courses in and outside of the major This Handbook provides a multitude of rich resources that make it easy for new and veteran instructors to improve their instruction in ways promising to excite an increasing number of students about learning economics This Handbook should be on every instructor's desk and referenced regularly Tawni Hunt Ferrarini The American Economist In delightfully readable short chapters by leaders in the sub fields who are also committed teachers this encyclopedia of how and what in teaching economics covers everything There is nothing else like it and it should be required reading for anyone starting a teaching career and for anyone who has been teaching for fewer than 50 years Daniel S Hamermesh University of Texas Austin US The International Handbook on Teaching and Learning Economics provides a comprehensive resource for instructors and researchers in economics both new and experienced This wide ranging collection is designed to enhance student learning by helping economic educators learn more about course content pedagogic techniques and the scholarship of the teaching enterprise The internationally renowned contributors present an exhaustive compilation of accessible insights into major research in economic education across a wide range of topic areas including Pedagogic practice teaching

techniques technology use assessment contextual techniques and K 12 practices Research findings principles courses measurement factors influencing student performance evaluation and the scholarship of teaching and learning Institutional administrative issues faculty development the undergraduate and graduate student and international perspectives Teaching enhancement initiatives foundations organizations and workshops Grounded in research and covering past and present knowledge as well as future challenges this detailed compendium of economics education will prove an invaluable reference tool for all involved in the teaching of economics graduate students new teachers lecturers faculty researchers chairs deans and directors

The Economics of Economics, 2010-01-01 *Perspectives on Ayn Rand's Contributions to Economic and Business Thought* Edward W. Younkins, 2020-07-06 Ayn Rand wrote and lectured on economic concepts and topics This volume addresses the economic and business aspects of her writings The authors of this anthology are from a variety of fields and all of them are enthusiastic supporters of her ideas

The Economics of Books and Reading Samuel Cameron, 2022-11-14 This book gives an overview of the key issues related to books and reading within the field of cultural economics and identifies additional lacunae in this area of research The field of cultural economics is surprisingly short on research on the book market and on the activity of reading compared with other more recently invented media such as films and musical recordings In addition books and reading are strongly impacted by the disruptive innovations of digital technology and the use of online distribution platforms that fuel much of the research on the more recently invented cultural media This book shows that the area of books and reading has had contributions in historically established areas of cultural economics and those currently exciting attention chiefly with respect to digital disruption Finally it explains how books and reading are a fully developed rational addition model rather than something just based on the addition of past behaviour Previously published in Journal of Cultural Economics Volume 43 issue 4 December 2019

The Four Pillars of Economic Understanding Peter J. Boettke, 2020-03-10 Economists have worked for centuries to present their core lessons to the general public in ways that are accurate and reflective of its true implications for our lives Great economists not always in the mainstream have always known that economics is about the flourishing of human beings and the need for open societies that allow for experimentation innovation and the emergence of the order that only liberty can beget In The Four Pillars of Economic Understanding Peter J Boettke has made a genuine contribution building on the works of the great minds of the past to provide a new and unique presentation for the current age This work puts every reader in the position of being Professor Boettke's student and holds the potential to be recognized as a seminal and classic statement concerning the implications of economics for our lives The American Institute for Economic Research in Great Barrington Massachusetts was founded in 1933 as the first independent voice for sound economics in the United States Today it publishes ongoing research hosts educational programs publishes books sponsors interns and scholars and is home to the world renowned Bastiat Society and the highly respected Sound Money Project The American Institute for Economic Research is a 501c3 public

charity The Street Porter and the Philosopher Sandra Peart, David M. Levy, 2009-11-16 Leading economists explore the premise that all social interactions are exchanges among inherently equal human beings **Ayn Rand's Atlas Shrugged** Edward W. Younkins, 2016-04-15 Since its publication in 1957 Atlas Shrugged the philosophical and artistic climax of Ayn Rand's novels has never been out of print and has received enormous critical attention becoming one of the most influential books ever published impacting on a variety of disciplines including philosophy literature economics business and political science among others More than a great novel Atlas Shrugged is an abstract conceptual and symbolic work that expounds a radical philosophy presenting a view of man and man's relationship to existence and manifesting the essentials of an entire philosophical system metaphysics epistemology politics and ethics Celebrating the fiftieth year of Atlas Shrugged's publication this companion is an exploration of this monumental work of literature Contributions have been specially commissioned from a diversity of eminent scholars who admire and have been influenced by the book the included essays analyzing the novel's integrating elements of theme plot and characterization from many perspectives and from various levels of meaning **Commerce and Community** Robert F. Garnett Jr., Paul Lewis, Lenore T. Ealy, 2014-11-27 Since the end of the Cold War the human face of economics has gained renewed visibility and generated new conversations among economists and other social theorists The monistic mechanical economic systems that characterized the capitalism vs socialism debates of the mid twentieth century have given way to pluralistic ecologies of economic provisioning in which complexly constituted agents cooperate via heterogeneous forms of production and exchange Through the lenses of multiple disciplines this book examines how this pluralistic turn in economic thinking bears upon the venerable social theoretical division of cooperative activity into separate spheres of impersonal Gesellschaft commerce and ethically thick Gemeinschaft community Drawing resources from diverse disciplinary and philosophical traditions these essays offer fresh critical appraisals of the Gemeinschaft Gesellschaft segregation of face to face community from impersonal commerce Some authors issue urgent calls to transcend this dualism whilst others propose to recast it in more nuanced ways or affirm the importance of treating impersonal and personal cooperation as ethically epistemically and economically separate worlds Yet even in their disagreements our contributors paint the process of voluntary cooperation the space commerce and community with uncommon color and nuance by traversing the boundaries that once separated the thin sociality of economics as science of commerce from the thick sociality of sociology and anthropology as sciences of community This book facilitates critical exchange among economists philosophers sociologists anthropologists and other social theorists by exploring the overlapping notions of cooperation rationality identity reciprocity trust and exchange that emerge from multiple analytic traditions within and across their respective disciplines *Bear Market Investing Strategies* Harry D. Schultz, 2003-01-24 A fresh look at proven ways to protect your wealth from the author of the classic Bear Markets book Harry Schultz has been identifying bear market warning signals and teaching people how to prepare a profitable survival portfolio in light of these signals for over

thirty five years through his highly acclaimed newsletter The International Harry Schultz Letter which reaches subscribers in over ninety countries The 1960s classic book Bear Markets has been fully updated and revised to reflect the unprecedented changes taking place in today s volatile economic environment making it extremely relevant to the current financial market This book provides the necessary tools for investors to construct a portfolio that will allow them to protect and grow their money under the most severe bear market conditions through technical analysis and models of numerous bear market variables Bear Market Investing Strategies offers practical and approachable strategies that every investor needs today
