Wilson, 2009-11-01 According to conventional historical wisdom Irish nationalism in Canada was a marginal phenomenon overshadowed by the more powerful movement in the United States and eclipsed in Canada by the Orange Order The nine contributors in this book argue otherwise and in doing so make a major and original contribution to our understanding of the Irish experience in Canada and the place of Irish Canadian nationalism within an international context Focusing on the period 1820 to 1920 they examine political religious and cultural expressions of Irish Canadian nationalism as it responded to Irish events and Canadian politics They also look at tensions within the movement between those who argued that Ireland should share the same freedom that Canada enjoyed within the British Empire and revolutionary republicans who wanted to liberate both Ireland and Canada from the yoke of British imperialism Irish Nationalism in Canada sheds light on questions such as transference of old world political traditions into North America the dynamics of ethno religious conflict and state responses to a revolutionary minority within an ethno religious group Contributors include Donald Harman Akenson Queen's University Kingston Sean Farrell Northern Illinois University Mark G McGowan St Michael's College University of Toronto Frederick J McEvoy Independent Scholar Michael Peterman Trent University Garth Stevenson Brock University Peter M Toner University of New Brunswick Rosalyn Trigger University of Aberdeen and David A Wilson University of Toronto *The Canadian Monthly and National Review* Graeme Mercer Adam, George Stewart, 1878 *The Canadian Monthly and National Review*, 1873 *The Makers of Canada* Various, 2023-10-04 The Makers of Canada is a significant historical compilation that sheds light on the key figures who shaped Canada's history and identity Written in a detailed and comprehensive manner this book explores the lives and contributions of prominent individuals who played instrumental roles in Canada's development The author utilizes a combination of primary sources personal accounts and historical analysis to provide readers with a thorough understanding of the impact these figures had on the country's evolution The literary style of the book is informative and engaging making it an essential read for those interested in Canadian history and biographies of influential personalities The Makers of Canada not only presents a rich tapestry of narratives but also serves as a valuable resource for academic research in the field of Canadian studies Each chapter delves into the unique experiences and accomplishments of these makers offering readers a glimpse into the diverse tapestry of Canada's history Readers will appreciate the meticulous research and insightful commentary that defines this compelling work *The Dictionary of Canadian Biography* William Stewart Wallace, 1926 *Essays in the History of Canadian Law* David H. Risk and Margaret A. Banks. *Ontario and Quebec's Irish Pioneers* Lucille H. Campey, 2018-09-08. The compelling story of Canada's Irish pioneers revealing the enormous scope of their achievements. Beginning in the eighteenth century, an increasing number of Irish people sought the better life that Ontario and Quebec offered. Set free from the stifling economic and social constraints that held them back in their homeland, they prospered. And yet strangely enough, they continue to be mourned as victims. In this second book of the Irish in Canada series, Lucille Campey takes on the victim-ridden mythology of destitute Irish immigrants fleeing the famine of the 1840s. In fact, the Irish influx to Quebec and Ontario began a century earlier. Comprehensive and extensive research has been distilled to produce an informative and lively account of this great immigration saga whose roots date back to the time of the British Conquest of New France in 1763.
