The Jewish Onslaught Dispatches From The Wellesley Battlefield:

The Jewish Onslaught Tony Martin, 1993 A defense of the Nation of Islam's publication The secret relationship between Blacks and Jews **Dispatches from the Ebony Tower** Manning Marable, 2001-03-01 What constitutes black studies and where does this discipline stand at the end of the twentieth century In this wide ranging and original volume Manning Marable one of the leading scholars of African American history gathers key materials from contemporary thinkers who interrogate the richly diverse content and multiple meanings of the collective experiences of black folk Here are numerous voices expressing very different political cultural and historical views from black conservatives to black separatists to blacks who advocate radical democratic transformation Here are topics ranging from race and revolution in Cuba to the crack epidemic in Harlem to Afrocentrism and its critics All of these voices however are engaged in some aspect of what Marable sees as the essential triad of the black intellectual tradition describing the reality of black life and experiences critiquing racism and stereotypes or proposing positive steps for the empowerment of black people Highlights from *Dispatches from the Ebony Tower* Henry Louis Gates Jr and Manning Marable debate the role of activism in black studies John Hope Franklin reflects on his role as chair of the President's race initiative Cornel West discusses topics that range from the future of the NAACP through the controversies surrounding Louis Farrakhan and black nationalism to the very question of what race means Amiri Baraka lays out strategies for a radical new curriculum in our schools and universities Marable's introduction provides a thorough overview of the history and current state of black studies in America *The Death of American Antisemitism* Spencer Blakeslee, 2000-03-30 Blakeslee examines the history and current status of Jews and antisemitism in the United States to reveal what we know of antisemitism and the ways in which this knowledge is seriously flawed He explores the significant historical role antisemitism played in the formation of Jewish advocacy organizations and the subsequent success they enjoyed over several decades of publicly combating antisemitism He then examines three specific incidents in the 1990s and the ways the advocacy organizations responded Antisemitic attitudes and incidents in the United States have dropped steadily since the post World War II revelations about the Holocaust While antisemitism has not disappeared entirely from the American scene it has dwindled to the point where the Anti Defamation League considers the average American not antisemitic Blakeslee probes why if this statement is accurate and prevailing statistics suggest it is prominent Jewish advocacy organizations continue to lavish so much attention and money on an issue of little actual significance A provocative study for all sociologists researchers and concerned lay people involved with the heated debate over antisemitism Jewish identity assimilation Black Jewish relations and organizational studies *Let Us Prove Strong* Marianne Rachel Sanua, 2007 A history of the last 60 years of the American Jewish Committee to commemorate its centennial in 2007 *Strangers in the Land* Eric J Sundquist, 2009-06-30 The importance of blacks for Jews and Jews for blacks in conceiving of themselves as Americans when both remained outsiders to the privileges of full citizenship is a matter of

voluminous but perplexing record A monumental work of literary criticism and cultural history Strangers in the Land draws upon politics sociology law religion and popular culture to illuminate a vital highly conflicted interethnic partnership over the course of a century The Shadow University Alan Charles Kors,Harvey Silverglate,1999-07-15 Universities once believed themselves to be sacred enclaves where students and professors could debate the issues of the day and arrive at a better understanding of the human condition Today sadly this ideal of the university is being quietly betrayed from within Universities still set themselves apart from American society but now they do so by enforcing their own politically correct worldview through censorship double standards and a judicial system without due process Faculty and students who threaten the prevailing norms may be forced to undergo thought reform In a surreptitious aboutface universities have become the enemy of a free society and the time has come to hold these institutions to account The Shadow University is a stinging indictment of the covert system of justice on college campuses exposing the widespread reliance on kangaroo courts and arbitrary punishment to coerce students and faculty into conformity Alan Charles Kors and Harvey A Silverglate staunch civil libertarians and active defenders of free inquiry on campus lay bare the totalitarian mindset that undergirds speech codes conduct codes and campus life bureaucracies through which a cadre of deans and counselors indoctrinate students and faculty in an ideology that favors group rights over individual rights sacrificing free speech and academic freedom to spare the sensitivities of currently favored groups From Maine to California at public and private universities alike liberty and fairness are the first casualties as teachers and students find themselves in the dock presumed guilty until proven innocent and often forbidden to cross examine their accusers Kors and Silverglate introduce us to many of those who have firsthand experience of the shadow university including The student at the center of the 1993 Water Buffalo case at the University of Pennsylvania who was brought up on charges of racial harassment after calling a group of rowdy students water buffalo even though the term has no racial connotations The Catholic residence adviser who was fired for refusing on grounds of religious conscience to wear a symbol of gay and lesbian causes The professor who was investigated for sexual harassment when he disagreed with campus feminists about curriculum issues The student who was punished for laughing at a statement deemed offensive to others and who was ordered to undergo sensitivity training as a result The Shadow University unmasks a chilling reality for parents who entrust their sons and daughters to the authority of such institutions for thinking people who recognize that vigorous debate is the only sure path to truth and for all Americans who realize that when even one citizen is deprived of liberty we are all diminished Confronting Anti-semitism Leonard P. Zakim,2000 This book provides guidelines for dealing with anti Semitism it Specifies different Anty Semitic myths and offers ways of responding to them it also contains articles about different aspects of anti Semitism **The Farrakhan Factor** Amy Alexander,1998 Leading African American voices speak out about Louis Farrakhan the myth and the reality in the process of reexamining and redefining notions of black nationalism community and African American leadership Advanced Demolition Legion Gyeorgos Ceres

Hatonn,1994-04 **The Ocean-Hill Brownsville Conflict** Glen Anthony Harris,2012-01-01 The history of Black Jewish relations from the beginning of the twentieth century shows that while they were sometimes partners of convenience there was also a deep suspicion of each other that broke out into frequent public exchanges During the twentieth century the entanglements of both groups have at times provided an important impetus for social justice in the United States and at other times have been the cause of great tension The Ocean Hill Brownsville Conflict explores this fraught relationship which is evident in the intellectual lives of these communities The tension was as apparent in the life and works of Marcus Garvey Richard Wright and James Baldwin as it was in the exchanges between blacks and Jews in intellectual periodicals and journals in the 1940s 1950s and 1960s The Ocean Hill Brownsville conflict was rooted in this tension and the longstanding differences over community control of school districts and racial preferences
