The K Boats:

K Boats Don Everitt, 1999 Only today's atomic submarines have outstripped the fabulous twin funneled K boats the biggest fastest submarines of World War I But no other class of warship suffered so much calamity and controversy Authorized by Churchill these steam powered submarines were the best concealed debacle in British naval history Their crews called themselves the suicide club and in this authoritative documentary their story is vividly reconstructed Built secretly to meet a threat that existed only in the minds of the flag officers the so called submersible destroyers suffered an unprecedented series of accidents from the day they began their trials Six sank with an appalling death toll The forty seven men of K 13 were luckier They were rescued after fifty seven hours trapped underwater During the Battle of May Island when British ships carved through their own K flotillas one night two K boats sank two were crippled and a cruiser lost her bows Then there was the mysterious disappearance of K 5 in the Atlantic All told not one K boat escaped The product of two years research this fascinating book looks for answers to what went wrong during the series of dreadful mishaps described

The K Boats Don Everitt, 1963 **K Boat Catastrophe** N. S. Nash, 2009-07-19 On 31 January 1918 nine K Class steam powered submarines sailed with the Grand Fleet to Exercise in the North Sea The ships left the Firth of Forth at a speed of 21 knots on a cold winter night with the flagship HMS Courageous leading the way Following in her wake was HMS Ithuriel and the K Class submarines of the 13th Submarine Flotilla and then 5 nautical miles astern of them four more capital warships As they approached The Isle of May navigational confusion broke out caused by the misinterpretation of ship's steaming lights and mayhem followed During the next couple of hours five collisions occurred involving eight ships and resulting in the death of 105 officers and ratings This fiasco and the resulting naval investigation and court marshal were shielded from the general public and kept in secret files until the full details were released in 1994 From this official report the author now tells the full story of that dreadful night and the proceedings that followed Background information on the evolution of the ill fated and much hated K Class submarines is also included together with the investigation and court marshal proceedings of the events surrounding that tragic night *The K Boats* Don Everitt, 1963 [The Motor Boat](#) Francis P.
