The Kafka Debate New Perspectives For Our Time:

The Kafka Debate Angel Flores,1977 **Anatomist of Power** Despiniadis Costas Despiniadis,2019-10-15 Few twentieth century writers remain as potent as Franz Kafka one of the rare figures to maintain both a major presence in the academy and on the shelves of general readers Yet remarkably no work has yet fully focused on his politics and anti authoritarian sensibilities *The Anatomist of Power* Franz Kafka and the Critique of Authority is a fascinating new look at his widely known novels and stories including *The Trial* *Metamorphosis* *In the Penal Colony* and *Amerika* portraying him as a powerful critic of authority bureaucracy capitalism law patriarchy and prisons Making deft use of Kafka s diaries his friends memoirs and his original sketches Costas Despiniadis addresses his active participation in Prague s anarchist circles his wide interest in anarchist authors his skepticism about the Russian Revolution and his ambivalent relationship with utopian Zionism The portrait of Kafka that emerges is striking and fresh rife with insights and a refusal to accept the structures of power that dominated his society **Franz Kafka** Stanley Corngold,2018-03-15 In Stanley Corngold s view the themes and strategies of Kafka s fiction are generated by a tension between his concern for writing and his growing sense of its arbitrary character Analyzing Kafka s work in light of the necessity of form which is also a merely formal necessity Corngold uncovers the fundamental paradox of Kafka s art and life The first section of the book shows how Kafka s rhetoric may be understood as the daring project of a man compelled to live his life as literature In the central part of the book Corngold reflects on the place of Kafka within the modern tradition discussing such influential precursors of Cervantes Flaubert and Nietzsche whose works display a comparable narrative disruption Kafka s distinctive narrative strategies Corngold points out demand interpretation at the same time they resist it Critics of Kafka he says must be aware that their approaches are guided by the principles that Kafka s fiction identifies dramatizes and rejects **Kafka's Italian Progeny** Saskia Elizabeth Ziolkowski,2020-01-06 This book explores Kafka s sometimes surprising connections with key Italian writers from Italo Calvino to Elena Ferrante who shaped Italy s modern literary landscape *Transforming Kafka* Patrick O'Neill,2014-11-21 Lyrical mysterious and laden with symbolism Franz Kafka s novels and stories have been translated into more than forty languages ranging from Icelandic to Japanese In *Transforming Kafka* Patrick O Neill approaches these texts through the method he pioneered in *Polyglot Joyce* and *Impossible Joyce* considering the many translations of each work as a single multilingual macrotext Examining three novels *The Trial* *The Castle* and *America* and two short stories *The Judgment* and *The Metamorphosis* O Neill offers comparative readings that consider both intertextual and intratextual themes His innovative approach shows how comparing translations extends and expands the potential meanings of the text and reveals the subtle differences among the hundreds of translations of Kafka s work A sophisticated analysis of the ways in which translation shapes rearranges and expands our understanding of literary works *Transforming Kafka* is a unique approach to reading the works of a literary giant *Kafka's Stereoscopes* Isak Winkel Holm,2019-09-19 In 1911 Franz Kafka

encountered the Kaiser Panorama a stereoscopic peep show offering an illusion of three dimensional depth After the experience he began to emulate the apparatus in his literary sketches developing a style we might call stereoscopic juxtaposing like the optical stereoscope two images of the same object seen from slightly different perspectives Isak Winkel Holm argues that Kafka s stereoscopic style is crucial to an understanding of the relation between literature and politics in Kafka s work At the level of content the stereoscopic style offers a representation of the basic order of a specific community At the level of form the stereoscopic style is structured as the juxtaposition of two dissimilar images of the same community At the level of function finally the style provokes a reconsideration and perhaps even a reconfiguration of the social order itself With insights from literary studies philosophical aesthetics and political theory Kafka s Stereoscopes offers a detailed but highly readable argument for the relevance of Kafka s literary works in today s political reality *What Is World Literature?* David Damrosch, 2018-06-05 World literature was long defined in North America as an established canon of European masterpieces but an emerging global perspective has challenged both this European focus and the very category of the masterpiece The first book to look broadly at the contemporary scope and purposes of world literature *What Is World Literature* probes the uses and abuses of world literature in a rapidly changing world In case studies ranging from the Sumerians to the Aztecs and from medieval mysticism to postmodern metafiction David Damrosch looks at the ways works change as they move from national to global contexts Presenting world literature not as a canon of texts but as a mode of circulation and of reading Damrosch argues that world literature is work that gains in translation When it is effectively presented a work of world literature moves into an elliptical space created between the source and receiving cultures shaped by both but circumscribed by neither alone Established classics and new discoveries alike participate in this mode of circulation but they can be seriously mishandled in the process From the rediscovered Epic of Gilgamesh in the nineteenth century to Rigoberta Mench s writing today foreign works have often been distorted by the immediate needs of their own editors and translators Eloquently written argued largely by example and replete with insightful close readings this book is both an essay in definition and a series of cautionary tales *The Metamorphosis (SparkNotes Literature Guide)* SparkNotes, Franz Kafka, 2014-08-12 Literature Guides Created by Harvard students for students everywhere SparkNotes is a new breed of study guide smarter better faster Geared to what today s students need to know SparkNotes provides Chapter by chapter analysis Explanations of key themes motifs and symbols A review quiz and essay topics Lively and accessible these guides are perfect for late night studying and writing papers *The Dark Landscape of Modern Fiction* Patrick Reilly, 2018-05-08 This title was first published in 2003 This text explores the dark pessimistic truth that pervades the pages of modern texts setting a theme of Dante s Inferno against the work of modern authors including Dostoyevsky Hardy Conrad Wharton Kafka Camus Waugh and Flannery O Connor The author s thesis is that these writers exhibit a hostility towards the reader an anger that the reader should continue to be so deludedly happy when the writer has become so mortifyingly

enlightened At its most characteristic Reilly demonstrates modern fiction seems to achieve a savage satisfaction in inflicting this pain to an extent that could be described as sadistic Reilly traces what he calls this punitive spirit to a character in the Inferno Vanni Fucci who suffering himself does his best to make Dante suffer too Through the study he uses the Inferno as a guide to the prevailing attitudes in modern fiction revealing a parallel between the prohibition of pity within the medieval poem and in the pages of modern texts

The Trial (SparkNotes Literature Guide) SparkNotes, 2014-08-12 The Trial SparkNotes Literature Guide by Franz Kafka Making the reading experience fun Created by Harvard students for students everywhere SparkNotes is a new breed of study guide smarter better faster Geared to what today s students need to know SparkNotes provides Chapter by chapter analysis Explanations of key themes motifs and symbols A review quiz and essay topics Lively and accessible these guides are perfect for late night studying and writing papers
