**The Madisons at Montpelier** Ralph Ketcham, 2009-04-29 Restored to its original splendor Montpelier is now a national shrine but before Montpelier became a place of study and tribute it was a home. Often kept from it by the business of the young nation James and Dolley Madison could finally take up permanent residence when they retired from Washington in 1817. Their lifelong friend Thomas Jefferson predicted that at Montpelier the retiring Madison could return to his books and farm to tranquility and independence that he would be released from incessant labors, corroding anxieties, active enemies and interested friends. As the celebrated historian Ralph Ketcham shows this would turn out to be only partly true. Although the Madisons were no longer in Washington Dolley continued to take part in its social scene from afar, dominating it just as she had during Jefferson's and her husband's administrations, commenting on people and events there and advising the multitude of young people who thought of her as the creator of society life in the young republic. James maintained a steady correspondence about public questions ranging from Native American affairs, slavery and utopian reform to religion and education. He also took an active role at the Virginia Constitutional Convention of 1829-30 in the defeat of nullification and in the establishment of the University of Virginia of which he was the rector for eight years after Jefferson's death. Exploring Madison's role in these post-presidential issues reveals a man of extraordinary intellectual vitality and helps us to better understand Madison's political thought. His friendships with figures such as Jefferson, James Monroe and the Marquis de Lafayette as well as his assessment of them he outlived them all shed valuable light on the nature of the republic they had all helped found. In their last years James and Dolley Madison personified the republican institutions and culture of the new nation. James as the father of the Constitution and its chief propounder for nearly half a century and Dolley as the creator of the role of First Lady. Anything but uneventful the retirement period at Montpelier should be seen as a crucial element in our understanding of this remarkable couple.

**The Jeffersonians** Kevin R. C. Gutzman, 2022-12-13 The epic chronicle of the Virginia Dynasty Three Presidents who shaped America's destiny and set the stage for modern liberalism A long insightful look at three Founder presidents Political histories are rarely page turners but Gutzman clearly a scholar who has read everything on his subjects writes lively prose and displays a refreshingly opinionated eye for a huge cast of characters and their often unfortunate actions Outstanding historical writing Kirkus starred review Before the consecutive two term administrations of Presidents Bill Clinton George W Bush and Barack Obama there had only been one other trio of its type Thomas Jefferson James Madison and James Monroe Kevin R C Gutzman's The Jeffersonians is a complete chronicle of the men known as The Virginia Dynasty who served as president from 1801 to 1825 and implemented the foreign policy domestic and constitutional agenda of the radical wing of the American Revolution setting guideposts for later American liberals to follow The three close political allies were tightly related Jefferson and Madison were the closest of friends and Monroe was Jefferson's former law student Their achievements were many including the founding of the opposition Republican Party in the 1790s the Louisiana Purchase and the call upon Congress in 1806 to use its constitutional power to ban slave imports beginning on January 1 1808 Of course not everything the Virginia Dynasty undertook was a success Its chief failure might have been the ineptly planned and led War of 1812 In general however when Monroe rode off into the sunset in 1825 his passing and the end of The Virginia Dynasty were much lamented Kevin R C Gutzman's compelling narrative details a pivotal time in America when three presidents worked toward common goals to strengthen our republic in a way rarely seen in modern politics
