Somerset Maugham, 2018-03-15 The Making of a Saint published in 1898 was W Somerset Maugham's second novel. He always regarded it as his black sheep even tried to suppress its republication. His disaffection is not easy to understand. The book enjoyed a good reception and continues to be well reviewed. It remains today as it was on publication an intense and highly colored novel of plot and counterplot, passion and intrigue. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand-curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience.
