Identity in Doris Lessing's Space Fiction David F. Waterman, 2006 In this study of identity in Doris Lessing's space fiction David Waterman devotes a chapter to each of the five novels in the Canopus in Argos Archives series as well as Briefing for a Descent into Hell Memoirs of a Survivor and finally The Reason for It This is an important addition to understanding the works of this prolific author His major argument is that Lessing's space fiction identifies the universal problem society's division into competitive and predatory groups and places it outside the bounds of time and space encouraging a social critique which takes into account our inherited blindness our degenerative disease which must be addressed before genuine progress can be made Lessing's examination of the relationship between individual identity and group identity produces a productive tension that accounts for so much of interest in her work over many years Nowhere is that tension more obvious or more interesting than in the space fiction that David Waterman so ably explores Waterman writes convincingly of Lessing's desire to cut through the performance the received ideas the habits and customs of our daily lives Drawing on a wide range of sources he provides an interdisciplinary reading of the space fiction and maps Lessing's brave exploration of the hierarchical landscapes that so often imprison us Waterman offers a timely reading of Lessing for contemporary readers living in the landscape of globalization Professor Margaret Moan Rowe Purdue University

The Secret Life of Genius John Chambers, 2009-06-25 A look at the metaphysical experiences that shaped the lives and work of 24 great men and women from the Renaissance to modern times Chronicles the changing relationship with God nature and spirituality from the 16th century to the 20th century Includes encounters with the paranormal of Ben Johnson Isaac Newton Mary Shelley Leo Tolstoy Doris Lessing and Winston Churchill What role did the esoteric thought of Swedenborg play in the creative output of Honor de Balzac Did a supernatural encounter prompt Mary Wollstonecraft Shelley to focus her work on the theme of immortality Building on his earlier research on communications with the spirit world that Victor Hugo author of Les Misérables experienced while in exile on the isle of Jersey John Chambers now looks at the role occult knowledge and supernatural experiences played in the lives of 24 geniuses His investigation spans the life and work of William Blake Helena Blavatsky and W B Yeats whose esoteric interests are well known as well as those little suspected of such encounters with worlds beyond ours including Doris Lessing Leo Tolstoy Norman Mailer Yukio Mishima and Winston Churchill Chambers presents more than a collection of anecdotes and newly

revealed secrets His research provides insightful historical context of the decisive turning point that took place with the collapse of Prague the occult capital of Europe in 1620 which resulted in the victory of Cartesian reality and Newton's scientific paradigm over the esoteric traditions that flourished until that time The magical and occult world shown in the lives of these 24 great men and women offers us a glimpse of what could still be ours a world that though it is now overshadowed by modern scientific and technological principles is yet still visible on the horizon through the visions and paranormal experiences of these geniuses *Re-Embroidering the Robe* Suzanne Bray, Adrienne E. Religious faith myths and legends have always been present in literature However their role has changed over time Since the middle of the nineteenth century with the diminishing role of religion in European society writers with some kind of belief system whether religious or political have tended to use myth in two different ways They have either retold the old familiar myths of the past so that they carry fresh messages relevant to a contemporary audience or created their own new myths as modern vehicles of traditional truths Many writers have combined the two techniques Such is the transforming artistry which the eighteen essays in *Re-Embroidering the Robe* examine the remaking or new minting of myth in literature from 1850 to the present day so that what it embodies and expresses speaks powerfully to the modern reader In widely differing ways therefore all of the texts analysed here compel attention Doris Lessing Lorna Sage, 2019-10-08 Doris Lessing was one of the most impressive prolific and vital of twentieth century writers Her fiction is obsessed with the workings of cultural change and she radically extended the novel's scope most famously and influentially in *The Golden Notebook* by questioning the realist tradition she inherited and the wider social beliefs about self sexuality and authority which that tradition symbolized This study originally published in 1983 surveys her epic output from her early African writings to her later experiments with space fiction It traces her struggles to decentre imaginative life and to erase and to redraw the boundaries of our mental maps in favour of values on the margins of the official culture *The Rose and the Lotus* Yousef Daoud, 2009-10-31 *The Rose and the Lotus* is a compendium of explorations of two of the world's largest wisdom traditions Sufism and Buddhism and what the practitioners of these two approaches have in common and may have to learn from each other It includes chapters on important teaching texts ancient and modern and the clues they give for practice interviews with esteemed teachers such as Shaikh Kabir Helminski Rishi Bernie Glassman Tibetan philosopher Geshe Sonam Rinchen as well as memories and reflections on teachers such as Javad Nurbakhsh Idries Shah and Inayat Khan It includes a new look at the mystic works of Nobel Prize winner Doris Lessing and their usefulness in contemplation practice Yousef Daoud PhD also published as Joe Martin has been a practitioner of both Sufism and Buddhism The author of eight books he teaches meditation as well as spiritual performance practice Though Sufism and Buddhism have long been treated as religious manifestations in this fascinating book Yousef Daoud Joe Martin places them squarely among the great wisdom traditions and explores a wide variety of topics relating to both Sufism and Buddhism One of the most prolific authors for the journal SUFI

he has done a real service for anyone concerned with spirituality and gnosis Professor Jeffrey Rothschild C U N Y Editor SUFI On Rumi s MATHNAVI A Stage Adaptation Absolutely remarkable and memorable It was as if I had gone to a party and had been offered an entire pot of gourmet food but with every new bite I felt even hungrier It was endowed with a complex simplicity or a simple complexity It was all very inspiring and enlightening It felt as if the actors analyzed Rumi s stories lifting the veils one after another Lida Saeedian Author and co translator of The Pocket Rumi On Parabola Shorter Fictions through the tightly structured geometry of this metaphorically rich work is recognition of the search we undertake to fix a place for ourselves and try to make sense of a confusing alienating and often combative world Cheryl Pallant High
