demise of the upper middle classes with irony and compassion Those privileged to be present at a family festival of the Forsytes have seen that charming and instructive sight an upper middle class family in full plumage But whosoever of these favoured persons has possessed the gift of psychological analysis a talent without monetary value and properly ignored by the Forsytes has witnessed a spectacle not only delightful in itself but illustrative of an obscure human problem In plainer words he has gleaned from a gathering of this family no branch of which had a liking for the other between no three members of whom existed anything worthy of the name of sympathy evidence of that mysterious concrete tenacity which renders a family so formidable a unit of society so clear a reproduction of society in miniature He has been admitted to a vision of the dim roads of social progress has understood something of patriarchal life of the swarmings of savage hordes of the rise and fall of nations
