Landpower in the Long War Jason W. Warren,2019-06-14 War and landpower s role in the twenty first century is not just about military organizations tactics operations and technology it is also about strategy policy and social and political contexts After fourteen years of war in the Middle East with dubious results a diminished national reputation and a continuing drawdown of troops with perhaps a future force increase proposed by the Trump administration the role of landpower in US grand strategy will continue to evolve with changing geopolitical situations Landpower in the Long War Projecting Force After 9 11 edited by Jason W Warren is the first holistic academic analysis of American strategic landpower Divided into thematic sections this study presents a comprehensive approach to a critical aspect of US foreign policy as the threat or ability to use force underpins diplomacy The text begins with more traditional issues such as strategy and civilian military relations and works its way to more contemporary topics such as how socio cultural considerations effect the landpower force It also includes a synopsis of the suppressed Iraq report from one of the now retired leaders of that effort The contributors made up of an interdisciplinary team of political scientists historians and military practitioners demonstrate that the conceptualization of landpower must move beyond the limited operational definition offered by Army doctrine in order to encompass social changes trauma the rule of law acquisition of needed equipment civil military relationships and bureaucratic decision making and argue that landpower should be a useful concept for warfighters and government agencies

The Succession Principle David L. McKenna,2014-12-23 Succession is the hot topic in leadership development but the subject has rarely been addressed in Christian literature As a college university and seminary president who experienced three successions in leadership David McKenna is eminently qualified to speak on the subject He begins by introducing us to the Succession Principle What we bring to leadership is important What we do in leadership is more important What we leave from our leadership is most important of all Once our priority shifts from success to succession the door is open to read John 17 as the Prayer of Succession for Jesus In this final report Jesus transfers to his disciples and to us the same enduring trust transforming truth and unifying love that he has received for leadership from his Father With these legacies come specific gifts of succession to complete our task develop disciples advance the kingdom and see the fulfillment of Christ s promise

Greater things than these shall you do Succession in the spirit of Christ then is written not in terms of success but in the seamless transition of sustainable gifts culminating in the gift of greater things
