Curry, 1994-07-21 Many women held positions of great responsibility and power in the United States during the 19th century as theatre managers managing stock companies owning or leasing theatres hiring actors and other personnel selecting plays for production directing rehearsals supervising all production details and promoting their dramatic offerings Competing in risky business ventures these women were remarkable for defying societal norms that restricted career opportunities for women The activities of more than 50 such women are discussed in *Nineteenth Century American Women Theatre Managers* beginning with an account of 15 pioneering women managers who were all managing theatres before 24 December 1853 when Catherine Sinclair often incorrectly

Harlan, Donnie Vaughn, 2016-12-09 When starting a family history project where do you begin For me the answer is simple Genesis Being a man a man of science I find that as I get older science has proven more and more that the truth is very simple In the opening statements of Genesis God created the universe as we know it and also created the stars How is such a thing possible We are children of God You know children are like their creator full of wonder Wonder why Genesis states In the beginning God created the heavens and the earth The earth was without form and void and darkness was over the face of the deep As we learn more on just how we got here along comes a brilliant young scientist named Stephen Hawking He explains in mathematical ways how the universe started with a big bang started from nothing and burst forth faster than the speed of light Stars formed and gathered together to form galaxies then matter collected to form planets to circle around the stars There was eternal darkness and then there were the stars and light As time passed God planted the seeds of life What is time As we read the Bible we were always in conflict with time How do we feel comfortable with the evolution of life and the time frame of the Bible Here again I find the answer is simple Time to us is something we made up to understand what goes on around us God is on his own time I like to use baking an apple pie as my example of time and what it takes Heres the question I ask how long does it take to bake an apple pie The answer I get is about an hour I reply with Oh you can So here is my response to the one hour apple pie Where did the apple come from How long did the apples take to grow Where did that variety of apple come from How long did it take for the seed to grow into a tree How did you get the apple At a store How did the store get there How did the refrigeration and transportation come to be What about the cinnamon and sugar you used where did it come from Cinnamon comes from Indiadried tree bark What about the tin used to make the pan used to bake the pie When was electricity harnessed to be used by man the modern stove
