first living being to appear on earth the animal kingdom coming after him And as the Egyptian ram headed god makes man on the potter s wheel so in Genesis do the Elohim fashion him out of the same material The Adept can select any of the countless archetypal forms concealed in Divine Thought Ideal World and by the power of his will gather into its boundaries the matter required to make it visible to our sensible world a miracle to the Christian a fraud for the materialist It is sound that produces colour not the other way around Our earth is densely populated by countless viewless races the elemental evolutionary forces of nature below the mineral kingdom The elemental cannot understand the thought of a person it can only be reached when the exact scale of being to which the elemental belongs is vibrated by sound colour or form By correlating the vibrations of sound colour form number and substance the Adept rules over and commands the elemental forces that underlie the phenomena of nature The evolution of the spiritual falling into the physical from mineral plant and animal up to man takes place only during the First Round At the middle of the Fourth Round when the downward evolution turns upward from physical to spiritual man appears before anything else on earth The vegetation that covered the earth in those days of hoary antiquity belonging to the Third Round was ethereal transparent and so was the first man humanity because he was a shadow image of his progenitors The matter composing the objects we see and touch continually returns to its pre primordial condition of purity and light which no mortal eye can see or bear its radiance
