Joseph Sheridan Le Fanu Aoife Mary Dempsey,2022-01-15 This book considers the fiction of Joseph Sheridan Le Fanu 1814-73 in its original material and cultural contexts of the early to mid Victorian period in Ireland Le Fanu s longstanding relationship with the Dublin University Magazine a popular literary and political journal is crucial in the examination of his work likewise his fiction is considered as part of a wider surge of supernatural historical and antiquarian activity by Irish Protestants in the period following the Act of Union between Great Britain and Ireland 1801 This study discusses in detail Le Fanu s habit of writing and re writing stories a practice that has engendered much confusion and consternation while posthumous collections of his work are compared with original publications to demonstrate the importance of these material and cultural contexts In new critical readings of aspects of Le Fanu s best known fiction light is cast on some of his overlooked work through recontextualisation **Women and the Victorian Occult** Tatiana Kontou,2013-10-31

Increasingly contemporary scholarship reveals the strong connection between Victorian women and the world of the nineteenth century supernatural Women were intrinsically bound to the occult and the esoteric from mediums who materialised spirits to the epiphanic experiences of the New Woman from theosophy to telepathy This volume addresses the various ways in which Victorian women expressed themselves and were constructed by the occult through a broad range of texts By examining the roles of women as automatic writing mediums spiritualists authors editors theosophists socialists and how they interpreted the occult in their life and work the contributors in this edition return to sensation novels ghost stories

autobiographies, sciences and fashionable magazines to access the visible and invisible worlds of Victorian life. The variety of texts analysed by the authors in this collection demonstrates the many interpretations of the occult in nineteenth century culture and the ways that women used supernatural imagery and language to draw attention to issues that bore immediate implications on their own lives. Either by catering for the fad of ghost stories or by giving public trance speeches, women harnessed the metaphorical and financial forces of the supernatural. As the articles in this book demonstrate, the occult was after all a female affair. This book was published as a special issue of *Women's Writing*. **Writing and Fantasy** Ceri Sullivan, 2014-06-11. *Writing and Fantasy* brings together essays which restore a sense of the fantastic as a political response to cultural opportunities and pressures. It moves on from two conventional fields of discussion: the psychoanalytic where phantasies are produced by the emergence of the consciousness and the social where fantasies are the production of nineteenth century individualism. Chapters run from the classical period to the twentieth century, each focusing on a local reading of how fantasy acts as a strategy to contain or exploit specific historical and cultural moments. A wide variety of sites are investigated, including the feminization of the wild west, originary and maternal spaces, highwaywomen, financial credit and the ideal home. Multiple genres containing fantasy are explored, ranging from ghost stories to feminist utopias. Aids to the reader include an introduction summarising recent discussions of fantasy, illustrations dealing with visual fantasies and an annotated bibliography. The new research presented here will be of great interest to academics and students in literature history and cultural studies departments who are working in the field of the historical development of concepts of fantasy, cultural opposition and the imbrication of politics and modes of representation. **The Mammoth Book of Best New Horror 16** Stephen Jones, 2012-03-01.
