That love is a superpower we all have, but it's not always a superpower I'd be able to control. Especially as I get older. Sometimes it'll go crazy and I shouldn't be scared if my power hits someone I'm not expecting it to.

Love, Hate, and Fear in Canada's Cold War Richard Cavell, 2004-06-02

The essays in *Love, Hate, and Fear in Canada's Cold War* present a Cold War different in many respects from the familiar one of anti-communist hysteria. In Canada, the Cold War raised issues of national self-representation that went beyond international political tensions related to capitalistic versus communistic regimes. If the discourse of the Cold War in Canada was anti-communist, it was also anti-American in many ways. Drawing on a number of disciplinary approaches and examining what Michel Foucault called the discursive practices of the period, the contributors examine how in the Cold War the personal became the political through the state's attempt to regulate sexuality in pulp fiction, in film, and in public spaces. A major theme emerging from *Love, Hate, and Fear in Canada's Cold War* is that many issues associated with the Cold War in Canada actually preceded World War II and continue to haunt us today. This has become particularly apparent after the terrorist attacks of September 2001, when politicians began employing the rhetoric of the War on Terror and invoking issues of border security, immigration, and refugee quotas and harmonization of policies.
